WOMAN IS SHOT DEAD

BRUTAL MURDER OF A GIRL IN SAN FRANCISCO

ASSASSIN TURNS WEAPON ON HIMSELF AND FIRES

MARIE JORDAN IS VICTIM.

Edward De La Brousse, a Clerk, Was Rejected By the Girl and He Took Her Life in Revenge.

SAN FRANCISCO, Sept. 29.—Marie Jordan, a handsome brunette, was shot dead on the street today by Edward de la Brousse, who then fired a shot into his own head, inflicting a wound which will probably prove fatal.

The tragedy was the result of jealousy.

Miss Jordan, who was employed as a saleslady in the cloak and suit house of Armand Cailleau on Kearny street, had long been admired by De la Brousse.

He is a salesman in the haberdashery establishment of Wolf & Frank, also on Kearny street, and he daily saw Miss Jordan passing to and from her work.

Recently, it is asserted, she became weary of his persistent attentions and plainly informed him of that fact.

Today he lay in wait for her at the noon hour, on a corner he knew she would pass as she went home to lunch.

It was near her residence, close to the intersection of Hyde and Sacramento streets.

He waited until his intended victim was by his side.

Then touching her on the arm to attract her attention, he deliberately fired two shots from a revolver into her body.

She fell dead on the spot without uttering a word.

The murderer then placed the pistol against his own head and pulled the trigger, but the weapon failed to go off.

He lowered it and it was discharged, the bullet striking the sidewalk.

Almost instantly he again aimed at his head and this time the shot went to its mark.

He fell beside his victim, writhing in pain.

The wound is a serious one, and it is not believed he can survive.

The affair has caused considerable excitement, as each of the parties

GENERAL RISING IS IN ORDER.

Macedonian Insurgents Are Ready to Shed Blood.

SOFIA, Bulgaria, Sept. 29.—A telegram received here from the camp of General Zontcheff, the commander-in-chief of the Macedonian insurgents at Razlog, fifty-five miles from Sofia, announces that a general rising was proclaimed September 17th in the districts of Razlog, Novrotok, Demirhissar and Seres, and that all the insurgent bands in eastern Macedonia had received direct orders to begin operations.

The chief hope of the revolutionary organization now centers in the outbreak in eastern Macedonia, which is expected to assume considerable proportions, as the leaders there are all officers of the Bulgarian reserve. This, the sympathizers with the Macedonian cause hope, will arouse a war of feeling in the Bulgarian army and force the government to espouse the Macedonian cause.

TROOPS WITHDRAWN.

BURGAS, Bulgaria, Sept. 29. — Dispatches received here from the insurgent chief, Gordjikoff, who has been conducting operations in the Kirklisz district, announce that the Turkish troops have been withdrawn from Zabernovo, Karlovo and Gralaticoco, three points on the Turkish frontier.

It is understood that this movement was in accordance with the request of the Bulgarian Government that Turkey withdraw her troops from the frontier as a significance of her pacific declaration.

The position vacated by the Turks are now occupied by insurgents.

DEAD WITH CUT OVER HIS EYE.

Victim May Have Been Slashed By An Assassin.

MARTINEZ, Sept. 29.—There is a young man lying dead in the morgue in this city whose name is supposed to be Adams and who is believed to have been a member of the Waiters' Union of Stockton.

No information has been received as to what occasioned death, but it may have been occasioned by assault with a deadly weapon.

The remains were found lying beside the track of the Southern Pacific Railroad, near Pinole, and were taken to the latter place and subsequently borne to the pier in Oakland, where they were claimed by Coroner Curry because death had taken place in Contra Costa county over which he has jurisdiction as Coroner. They were accordingly forwarded to him at this place.

There is no mark on the body which would indicate that death had been caused by a passing engine or train, though there is a cut over the right eye which looks as if it had been made by a sharp blade.

On one of the hands also is a fresh scratch.

The deceased is 21 years of age. He was incased in black trousers and a coat of a somewhat lighter shade. The clothing was in good condition and the face of the deceased was newly shaven. The idea that the name of the deceased is Adams is based upon the finding of a Stockton waiter's card with that name inscribed in the clothing of the deceased. In the pocket also were about $5 in cash.

HANNA HAS A NARROW ESCAPE

SENATOR WAS THROWN FROM A SWIFTLY MOVING STREET CAR.

BERLIN HEIGHTS, Ohio, Sept. 29.—The private electric car carrying Senator Hanna and others from Cleveland to the Republican meeting struck a derailing switch three miles east of Berlin Heights today and jumped the track while running at a rapid rate of speed. All the occupants of the car were thrown into a heap at one end of the coach, but aside from being badly shaken up, all escaped serious injury.

MRS. DAVIS' CONDITION.

BUFFALO, New York, Sept. 29.—It was reported at the Castle Inn today that Mrs. Jefferson Davis had passed a restful night and was steadily improving.

STATESMEN IN CONFERENCE.

PREMIER BALFOUR AND LORD MILNER DISCUSS AFFAIRS OF STATE.

LONDON, Sept. 29.—Premier Balfour and Lord Milner had a three-hours' conference today. In the course of the afternoon the Premier also saw Mr. Ritchie, who resigned the office of Chancellor of the Exchequer; Lord Esher, Lord Cromer, the British agent in Egypt; Ian Malcolm, M. P., and other politicians.

Nothing has yet been divulged regarding the personnel of the new Cabinet.

Five thousand tickets, representing the full capacity of the hall, were mailed today for Mr. Chamberlain's meeting at Glasgow October 6. The widespread interest in the event is demonstrated by the fact that applications for upwards of 50,000 tickets were received.

SNOW MUST BE TRIED.

JUDGE FRITZ REFUSES TO DISMISS THE LIBEL CASE.

SAN FRANCISCO, September 29.—An unsuccessful attempt was made this morning to dismiss the case of A. Goldman, a crockery dealer on Washington street, Oakland, against ex-Mayor R. W. Snow, of Oakland, whom the plaintiff is suing on the charge of libel.

The alleged libel consisted in the presentation by Snow, to Goldman, of a bill for $1000 for alleged professional services to Goldman in a case of alleged insanity on his part.

Snow was arrested, admitted to bail in the sum of $2000.

The case was to have come up for hearing in Judge Fritz's department of the Police Court today but only the complainant appeared.

Even he did not wish the case to go on and asked that it be dismissed.

Judge Fritz refused to grant the request.

Goldman declared that he had compromised the case and was no longer desirous of prosecution.

Judge Fritz, however, was obdurate and ordered Goldman to appear before him tomorrow morning with an attorney at 10 o'clock and continued the case until that hour.

The suit in question followed an assault which Goldman made on ex-Mayor Snow as the latter was entering his home, 914 Eighth street, Oakland on the night of the 17th inst. Goldman claimed that he had attacked Snow because the latter would not pay him money which he (Goldman) had loaned him.

Snow said the attack was made because Goldman was demented, a charge which the latter denied. Later, Goldman produced a bill which had been sent him by Snow, charging $1000 for services as before referred to when Goldman alleges, he was not insane.

WON FOAL STAKE.

LONDON, Sept. 29.—Prince Royal won the great foal stake of ten sovereigns each for starters with 1000 sovereigns added for three-years-olds, one mile and two furlongs, at the Newmarket first October meeting today. W. C. Whitney's Pan Michael was second and Arion ran third.

ONE KILLED AND MANY INJURED

PRIVATE SANITARIUM BURNS DOWN IN KANSAS CITY.

KANSAS CITY, Mo., September 29.—One person was burned to death and five were injured in a fire that destroyed the private sanitarium of Dr. B. B. Ralph, a two-story frame building, in the southern part of the city, today.

The dead:

G. C. CARY, of Wichita.

Dr. B. B. RALPH, cut and burned about face and hands in trying to rescue inmates.

The flames spread so rapidly that many were forced to jump from a second-story window. Cary was suffocated in his room where his charred remains were found when the fire was extinguished.

James M. Wallace, a former resident of Oakland, died in Sacramento today, aged 58 years. The remains will be brought to this city for interment and funeral services will be held tomorrow.

DUG THEIR WAY OUT

THREE PRISONERS MAKE THEIR ESCAPE FROM JAIL AT SANTA CRUZ.

SANTA CRUZ, Cal., Sept. 29.—This morning it was discovered that three prisoners had escaped from the County Jail during the night. They were Dennis Dawson, Peter Beck and Harry Camp, all serving sentences for misdemeanors.

They were confined on the lower floor and dug out the asphaltum under the iron door until they made an opening large enough to crawl through. Then they climbed over the roof of the steel cage in which the felony prisoners are confined and took out the iron bars of the ventilator, through which they crawled and dropped to the ground, a distance of about fifteen feet. Officers are in pursuit.

NO BONDS FOR REPAVING TELEGRAPH AVENUE.

Mayor Says Improvemeut Must Be Made By Property Owners on Thoroughfare.

The improvement of the city of Oakland continues to occupy a considerable amount of the attention of Mayor Olney, a fact which was patent to a representative of the TRIBUNE who called upon his honor at his office in the City Hall this morning.

"I am at this minute," said the Mayor, who had before him a partially completed list of ladies of this city, "beginning to write a letter to ladies to take the lead in forming a Women's Oakland Improvement Club,—to give me the names of ladies who should be called together for the purpose of forming a club which shall be interested in the planting of trees, the improvement of the parks, the keeping of the streets clean and in fact, everything looking to the ornamentation of Oakland and making it a most desirable place of residence."

The Mayor was now prepared to surrender the list in question for publication because of its incomplete condition. The names of the ladies who are to form the club will be given to the public when the organization shall be perfected.

BASIS OF BOND ISSUE.

Regarding the issue of bonds, the Mayor said he could not say how great an issue would be required. That would not be known until probably November. It would depend upon a number of reports which had yet to be made by Council Committees. The people, he said, understood, that information of this kind must be provided before they can determine how much would be expended for the buying of land for park and boulevard purposes and making other improvements, including probably a new City Hall, new school houses, engine houses etc. These matters, of course, he said, would depend upon the action of the Council.

IMPROVING TELEGRAPH AVENUE.

Regarding the improvement of Telegraph avenue and San Pablo avenue, the Mayor has decided views as he also has as to how the improvement is to be made. Speaking on this subject, Mayor Olney said:

IMPROVEMENT CLUB.

"I want to get the people on Telegraph avenue to form a Telegraph Avenue Improvement Club, which shall plant or cause to be planted, the same kind of tree along the sidewalks, say from Twentieth street to the Berkeley line and which also shall take up the matter of repaving Telegraph avenue.

"There is no use in the property-owners expecting the city to repave the avenue for the reason that the life of a pavement is not more than fifteen years and the proposed bonds run for forty years.

PAVEMENT DIES EARLY.

"I am satisfied the people of the city will never vote for bonds to pave one street or even three, when they consider that the pavement will be worn out long before the bonds are due.

LAND GROWING IN VALUE.

"There is another reason why the property-owners of the city will not vote bonds to improve Telegraph and San Pablo avenues and that is that property is improving in value on those streets and people in the rest of the city will say that the property-owners on those streets where land is growing in value all the time ought to pay for the improvement and ought not make the improvement a tax on the rest of the city, where improvement in valuation is not so rapid.

HOW TO INCREASE VALUES.

"If the property-owners on Telegraph avenue will put a substantial pavement on the street and plant trees to the Berkeley line, they will enhance the value of the property tenfold. They are injuring themselves in delaying these improvements."

AVENUE NEVER ACCEPTED.

The reporter asked the Mayor what he thought of the contention of the property-owners on Telegraph avenue, that the city should repave that thoroughfare because the municipality, having accepted the street, was obligated to keep it always in repair. The Mayor replied:

"Telegraph avenue has never been accepted by the city. The question has never been looked into. I am told that San Pablo and Telegraph avenues have never been accepted by the city."

REPUBLICANS IN SESSION.

STATE CONVENTION AT DENVER IS DOWN TO BUSINESS.

DENVER, Colo., Sept. 29.—When D. B. Fairley, chairman, called the Republican State Committee to order, eighty-nine members were present, only seven counties not being represented. The credentials of all counties except Denver, were accepted, there being no other contests.

The contest in Denver was then taken up. Only two speeches of three minutes each were allowed to each side. After the speechmaking a motion was made that the list of delegates selected at the Tabor Opera House, known as the Wolcott delegates, would be certified to and entered upon the temporary roll call of the convention.

A sub-motion that the committee certify to neither list was lost by a rising vote and the original motion carried, 71 to 18. Immediate adjournment was taken to the Turner Hall, where the State convention met.

Edward O. Wolcott was introduced as temporary chairman of the convention and he made a ringing speech. He said there was no reason for wheels within wheels in the Republican party and no person was so near the President of the United States that sunshine of patronage could filter only through him. There was no argument at all before the people regarding the election of any man to the United States Senate or keeping him out. Colorado in every way, Mr. Wolcott declared, was for President Roosevelt. The Republican party in the State, he said, would never surrender its organization to the corporations.

State Chairman Fairley made a few remarks. The temporary roll call was made the permanent roll call by unanimous vote. Judge N. Waler Dixon was chosen permanent chairman and in an address condemned political demagoguery, especially Populism and Socialism.

John W. Springer introduced the following resolution, which was unanimously adopted:

"Colorado Republicanism stands for progressiveness. We believe in leaders who do things and who keep the wheels of industry moving, rather than clogged with doubts, fears and predictions of revolutions of business. One fearless leader is Theodore Roosevelt. Colorado Republicans in State convention hereby tender him a unanimous nomination for President of the United States in 1904, and also pledge the electoral vote of Colorado for the Republican ticket."

A committee on resolutions was appointed and a recess was taken until 8 o'clock.

RIOTERS ARE IN PRISON.

THEY WILL HAVE TO ANSWER CHARGES IN POLICE COURT.

SAULT STE MARIE, Sept. 29.—This forenoon seven of the leaders of yesterday's riots were arrested. The principal leader is supposed to be a man named Jack Dean. This man is not an employe of the Consolidated Company, but throughout yesterday he was to be found wherever a crowd of the men gathered urging them to further acts of violence. The two Frenchmen wounded in yesterday's fight with the police are also charged with aiding in arousing the rioters.

The Minnie M, the company's steamer operated between the Soo and Michipicoten, is expected to arrive tomorrow with another load of miners.

An attempt will be made today to start the cars on the Canadian side. The ferryboats between the American and the Canadian shores are running today guarded by soldiers.

DEMOCRATS COME TO AN AGREEMENT.

SAN FRANCISCO, Sept. 29.—The Democrats have at last got together without pulling hair. Last night it was arranged that Lane should be unanimously endorsed for Mayor provided that the minority were given the Sheriff, the County Clerk and three Supervisors. To this McNab gladly assented. The following are the nominations to date:

For Mayor, Franklin K. Lane.
For Assessor, Dr. Washington Dodge.
For District Attorney, Lewis F. Byington.
For Coroner, Dr. T. B. W. Leland.
For Recorder, Edmond Godchaux.
For Public Administrator, M. J. Hynes.
For Supervisors—James P. Booth, incumbent; Samuel, Braunhart, incumbent; H. U. Brandenstein, incumbent; A. Comte Jr., incumbent; John Connor, incumbent; Frank J. Grace, merchant; incumbent; A. A. d'Ancona, in. Robert J. Loughery, incumbent; John A. Lynch, incumbent; George B. McClellan, cumbent; Henry Payot, incumbent; Dr. Fred A. Grazer, John Barnett, E. H. Rook; Carl Westerfield, attorney-at-law, and Edward H. Gleason.

NAVY DEPARTMENT WILL PROTEST.

WASHINGTON, Sept. 29.—The Navy Department is advised of the departure last evening from Pensacola of the gunboat Nashville for St. Andrew's island, off the coast of Nicaragua, where American citizens have suffered ill-treatment at the hands of their native employers. Commander Hubbard, commanding the Nashville, has instructions to institute a thorough investigation and take proper steps for the protection of the sufferers.

WHAT TAXES WILL BRING.

CITY TREASURER TAYLOR SAYS NEW RATE WILL BRING $635,394.

City Treasurer Felton Taylor has made computation of the amount that will be available under the new tax levy at the rate of $1.26 adopted by the City Council, and finds that there ought to be paid into the City Treasury the sum of $615,394.30 on real property, with an additional $20,000 for personal property not carried with the realty and collected by the Assessor or a total of $635,394.30.

WEATHER BUREAU MAKES REPORT.

WASHINGTON, September 29.—The Weather Bureau's weekly crop bulletin:

The principal States have experienced winds, exceptional favorable for maturing late corn and while frosts have been quite general over the central and eastern portions of the corn belt, no material damage is anticipated. Probably less than twenty per cent of the corn crop is matured and while the proportion yet exposed to injury in South Dakota, Minnesota and Wisconsin is greater, the immature will make good feed; farther south only a very small part of the crop is still soft. Cutting is quite general in all sections and some new corn has been marketed in Southern Kansas.

While conditions have been favorable for threshing, spring wheat in the spring wheat region, reports of dampness of grain in shock as a result of previous rains continue. Harvest is now completed on the Northern Pacific coast and threshing has advanced.

With generally seasonable temperatures over nearly the entire cotton belt, a large cotton crop has already been gathered. Cool nights and the very general prevalence of drought in the central and western districts have been detrimental and rust and shedding continue to be extensively reported.

SENATOR SCOTT BETTER.

COLORADO SPRINGS, Colo., Sept. 29.—Senator Nathon B. Scott and Mrs. Scott will leave tomorrow for their home in Wheeling, W. Va., the Senator having recovered from his recent serious illness.

R. L. GAUNCE IS BACK.

R. L. Gaunce, a conductor on the Seventh-street local train, has returned from a two months' visit to his old home in St. Johns, New Brunswick.

JEWISH SERVICES TOMORROW

HEBREWS WILL OBSERVE THE SABBATH OF SABBATHS AT SYNAGOGUE.

According to the Jewish calendar and based upon the sixteenth chapter of Leviticus and the twenty-ninth chapter of Numbers, the setting sun of tomorrow, the ninth of the month of Tishri, ushers in for the Jew wherever he dwells the holiest of days, or the "Sabbath of Sabbaths." This is the Day of Atonement, which ever since the establishment of the Jewish commenwealth notwithstanding all the hardships and vicissitudes, has never impaired in holiness or significance to Jew. This is the day of divine forgiveness and commemorates Moses's second descension from Mt. Sinai with the message that the Lord had forgiven Israel's rank offense.

During the time of the temple at Jerusalem this day, the tenth of Tishri, the high priest entered the holy of holies. Upon this custom, it seems, Catholicism has based its custom, still existing, of having at St. Peter's in Rome a vestibule that is opened only four times in a century. On Christmas eve, once every twenty-five years, the Pope approaches it in princely state, with a retinue of cardinals, strikes the door thrice with a silver hammer and when the passage is opened all enter to receive divine grace.

Services in the synagogue will commence tomorrow evening, which is "Kol Nidre eve," at 7 o'clock, with an augmented choir and string instruments. Rabbi Friedlander will preach on "How to Pray and What to Pray For." Services will be resumed Thursday morning at 9 o'clock. At 10 o'clock the choir will take part in the services and at 10:45 o'clock Rabbi Friedlander will preach on "Reflection on Immorality." Memorial services will be held at 11:30 o'clock. In the afternoon Rabbi Friedlander will preach on "The Highest Responsibilities of the Present." The day's devotions will close with music by the choir at 6 o'clock.

FACTIONS WORKING FOR ELECTION.

KANSAS CITY, Sept. 29.—Further routine work was the order of business for today's sessions of the International Bridge and Iron Workers. Within the past twenty-four hours the followers of President Frank Buchanan are said to have gained several votes for his re-election as head of the organization. They are pursuing an active though quiet campaign and already claim that they have more than enough votes to elect.

The failure of the New York local to follow the dictates of Samuel Parks and suspend Frank Keller for supporting Buchanan last week, has strengthened the Buchanan crowd. Keller will retain his vote in the convention. The Parks crowd, while still claiming that they will elect H. F. Donnelly, is keeping very quiet, evidently desiring to be sure of the real trend of matters before they make a move. They are taking but little apparent interest in the proceedings of the convention, seemingly only waiting for their final fight in the election, which will be reached on Friday or Saturday.

CLOUDY TONIGHT.

SAN FRANCISCO, Sept. 29.—Forecast—San Francisco and vicinity: This afternoon and tonight cloudy; Wednesday fair; fresh southwest wind.

His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"B. L. Byer, a well-known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. He had been sick for a month with what the doctors call bilious dysentery, and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. T. Little, merchant, Hancock, Md. For sale by Osgood Bros., Seventh street and Broadway.

BUSINESS NOT TO BE TIED UP

DRAYMEN AND TEAMSTERS ARRIVE AT AN AMICABLE UNDERSTANDING.

SAN FRANCISCO, Sept. 29.—The dove of peace settles over the Draymen and the Teamsters' Union.

There will be no tie-up on the fourth of October.

The Draymen's Association has arrived at an understanding with the Teamsters' Union, and the agreement is to go into effect on the third of October. In this agreement the union abates the more drastic of its demands.

Some concessions have been made, but the increased outlay of the draymen is compensated for by increased drayage charges against the merchants. In other words, the teamsters have won part of their fight, but they have won it at the expense of the wholesale merchants.

WANTS TO SETTLE WITH HIS WIFE.

LOS ANGELES, September 29.—It is stated by Joseph Mesmer, brother of Mrs. Griffith J. Griffith, that Colonel Griffith has offered to pay his wife $35,000 in settlement of all her claims upon the property standing in his name. Mrs. Griffith remains at the hospital where she has been since the shooting affray in which she was seriously wounded, as she alleges, by a shot fired by her husband. It is understood that if, by the acceptance of this $35,000 tender, the property contest is amicably settled, Mrs. Griffith will not appear against her husband in the criminal proceedings for assault to murder. The tender also provides that Mrs. Griffith shall not be hindered in her suit for divorce and guardianship of Vandell, the 15-year-old son.

The property interests of the Griffiths are intricately complicated. It is related that at the time of the marriage of Colonel Griffith and the then Christiana Mesmer, the Briswalter legacy which Miss Mesmer held in her own right was deeded to Colonel Griffith, although Lucy, the younger sister of Mrs. Griffith and then a minor, was joint heir to the property, after her sister, who had been named as beneficiary of the Briswalter estate. Since that time the property has passed through a maze of technical ownership changes, title at present being vested in the Briswalter Land & Water Company.

The offer of Colonel Griffith to settle with his wife for this property has given rise to a theory that the shooting of Mrs. Griffith was caused by trouble over financial matters and the fact that the wife had claims upon the property held by Griffith. It is understood that if the criminal case comes to trial, the prosecution will base their case upon this contention.

FOUND GUILTY ON ROBBERY CHARGE.

DES MOINES, Iowa, Sept. 29.—Ex-Deputy United States Marshal Richards was today found guilty of the robbery of Mr. and Mrs. P. Sullivan at Hamilton, New Year's night.

Baird, who was wounded in the hold-up and captured, turned State's evidence against Richards. He testified that he and a crook named Redrup secured the $2000 that was extorted from the Sullivans and Richards engineered the robbery.

THE LATEST NEWS.

VOTING ON AN ISSUE OF BONDS.

San Francisco Electors Will Decide Important Issues.

SAN FRANCISCO, Sept. 29.—An important election is in progress in this city today, no less than twelve propositions for incurring bonded indebtedness being before the people.

One of these is for the building and running by the city of a railway on Geary street.

The others are for parks, schoolhouses, a new hospital, a new sewer system, etc.

While the vote polled has not been heavy, the friends of the various measures are confident that the count will show that many, if not all of them, have been carried.

MAY LET PARKS HAVE PRESIDENCY.

KANSAS CITY, Mo., September 29.—President Frank Buchanan, of the International Association of Structural Iron and Bridge Workers, intimated today to a reporter that he was on the point of stepping down and out of the contest with Samuel Parks. Mr. Buchanan had stepped from the convention hall for a few minutes during the session and was asked whether or not he had yet decided upon his candidacy for re-election as president of the association. He replied:

"I have not yet decided whether I shall be a candidate. I have not yet decided whether I shall not step down and out and let the majority rule. The majority so far seems to want Samuel Parks and his methods. Now, it is a question with me whether it is not my duty as the president of the association to let the majority rule. This would, of course, mean that I, opposed to things that Samuel Parks represents, would have to step to one side. I think any way that I have done my share for trades unionism. You understand, of course, that my action will depend upon how events shape themselves."

At the morning session the convention adopted the report of the resolutions committee, which, among other things, censured President Roosevelt for his stand in the Miller case at Washington; censured Governor Peabody for his alleged position against the union men in the recent strike in Colorado of the Federation of Miners; endorsed the position of the Central Labor organizations at Washington on the question of closed shops and recommended that the various labor organizations of the country raise funds to make a united fight against the granting by the courts of injunctions against strikers.

THIEVES SURPRISED AND ONE CAUGHT.

CHICAGO, September 29.—Hotel thieves were surprised at work in the Sherman today and one of them was captured after an exciting fight in the corridor. Clerk Berring observed a well-dressed man coming from the room of a Mr. Worch, a coal merchant, from Fort Wayne and grappled with him. The guests rushed from their rooms and joined in the chase that ensued after Berring had been knocked down the stairs. The thief was cornered at the entrance of the hotel and jewelry valued at $2,500 and $25 in money was found upon him. The house was searched in vain for the second thief. The captured thief gave his name as Charles Foster, of Tiffin, Ohio.

Other officers who took a less prominent part in the conspiracy were condemned from three months to a year in prison.

It is anticipated that King Peter will pardon the conspirators.

DIMMICK SEEKS FREEDOM.

SAN FRANCISCO, Sept. 29.—The Supreme Court today granted the application for a writ of habeas corpus in the case of Walter N. Dimmick, who was sentenced to serve two years in prison on charges of looting the vaults of the Mint, where he was employed as chief clerk.

It is contended by Dimmick in his application that he is now illegally being imprisoned and detained of his liberty. He says that on October 16, 1901, he was sentenced to serve two years imprisonment and the judgment of the court was that he be sentenced "for two years from the said 16th day of October, 1901."

Since the sentence was pronounced he was detained for a long time in the Alameda County Jail and it was on April 13 that he was taken to the prison at San Quentin. He claims that his term of imprisonment expired on September 21 by being credited with good conduct marks and that he should now be at liberty.

Dimmick will be brought to the Supreme Courtroom on Monday, when the matter will be argued.

FEAR FOR HIS LIFE.

William Wilson, a colored prize fighter, was arrested this afternoon on a warrant sworn to by Anthony Lee, who alleges that Wilson pulled a knife on him last night in a Chinese restaurant on Eighth and Webster streets and attempted to do him up, but was restrained by others in the restaurant.

The beginning of the trouble occurred at a colored people's ball in Foresters' Hall on Labor Day when Lee refused admission to Wilson because he thought he was not in a proper condition to associate with the people gathered there. He says Wilson has been waiting for him ever since and threatening to get even.

SAN FRANCISCO, Cal., Sept. 29.—So far the detectives have been completely baffled in the attempt to find Lawrence Mondragon, the man who is charged with visiting the house, on 279 Waller street, where his former wife, Abby Hassell, is employed as a domestic, and in broad daylight yesterday attempting to end her life.

LINEMEN WANTED.

George Sturm and Tenny Sturm are wanted at police headquarters on a warrant sworn out by R. S. Shasteen, the lineman who yesterday had Jensen Coburn arrested for disturbing his peace when he jumped in to prevent the pulling of a gun. The two Sturms, he now thinks, are the ones who got him into the trouble.

WOMAN IS SHOT DEAD

(Continued From Page 1.)

had a wide circle of friends and acquaintances.

They were both under thirty years of age.

MOTHER OF DEAD GIRL.

The noise of the shooting had attracted the attention of the mother and sister, who had prepared the girl's lunch, and were awaiting her arrival.

The sister, Sophie, ran to her sister's body lying across the walk and that of the man in the shrubbery.

MEDICAL AID SUMMONED.

Harvey Long then telephoned for Dr. George Kramer Herzog of 1221 Taylor street.

The doctor said that the woman was dead. He turned his attention to the body of de la Brousse.

The ambulance was telephoned for and the murderer was taken to the Emergency Hospital.

Marie Jordan was about 28 years of age. She had been working for a long time with the firm of Cailleau and was regarded as one of the best clerks in the store. Armand Cailleau, when seen this morning, said:

WHAT GIRL'S EMPLOYER SAYS.

"Miss Jordan was at work this morning as usual. We never suspected that she had any reason to fear violence."

Cailleau admitted that he had a private conversation with the girl in the morning and declined to tell the nature of the talk.

WAS MADLY IN LOVE.

De la Brousse had been employed by Wolf & Frank on Kearny street. He was regarded as a quiet and orderly man.

It was known in the store, however, that he was madly in love with the girl.

He had been heard to make threats that unless the girl married him he would kill her.

These statements were, however, thought to be mere idle words, and no weight was attached to them.

THREATS TO KILL.

When the Grand Army had its reunion here de la Brousse was more violent in his denunciations and then said that he would kill the girl.

About eight or ten days ago de la Brousse left the employ of the store and since that time no trace has been kept of him.

MOTHER OF ASSASSIN.

His mother, who is French and unable to speak English fluently, lives at 1209 Sanchez street.

She said she had not seen him for several weeks and was horrified when told that her son had committed a murder and that he had attempted his own life.

DR. HERZOG'S STATMENT.

Dr. Herzog when seen said:

"I arrived at the scene of the crime on a car from the hospital and saw people rushing across the street, and, following them, I saw lying before me a woman with clothes smouldering on her breast and blood rushing from her mouth and chest. She was just in the last agonies of death.

"About three feet below on the other side of the walk was a man lying on his back and with blood rushing from his ears. His pulse was strong and respiration regular, but he was unconscious.

"I looked about and picked up a pistol lying in the shrubbery. I extracted five empty cartridges.

"An old lady in company with another came walking down the street and she called, 'My God! It is my daughter!'"

MAY SURVIVE.

De la Brousse's wound is not regarded as fatal by the physicians at the Central Emergency Hospital.

The ball struck him on the bone of the right ear and lodged there. There is no hemorrhage and unless concussion of the brain follows de la Brousse will probably recover.

DE LA BROUSSE'S SISTER.

Georgiana de la Brousse, sister of Edward de la Brousse, was at the hospital to see her brother.

She said that de la Brousse had been attentive to the dead girl for five years and that they all expected that they would be married.

She further said that her brother had been somewhat unsettled in habit lately and that he had worked for Wolf & Frank and also in the City of Paris as a clerk.

LETTER TO SISTER.

The following letter was written by the murderer to his sister:

"My Dear Sister Georgiana: I hope that you will forgive me for this act, but the burden is more than I can bear. I have stood it for eight months: have suffered tortures urgently. I have passed sleepless nights. I love Marie more than any man ever cared for a woman, but when, a month ago, she backed up by her sisters, and put me out of it it was more than I could stand. I have often returned and begged and pleaded on the street and in the store and at home with Marie to reconsider. Marie was afraid of her sister. She also suffered. We were attached and devoted to one another as no two ever were until this sister, Lily, interfered.

"Have me buried or cremated as you wish, only see that I have my beloved's photograph with me.

"Good-bye, dear sister. Kiss the children for me. Your brother who was always devoted to you,

"EDMUND."

"P. S.—I have left you everything belonging to me. You will find some good property which will be a benefit to you in future years. The two large books of engravings are at Jordan's, as well as my private papers. ED."

ALLOWED TO GO FREE.

J. W. A. Godden was arrested yesterday evening for riding his bicycle on the street without the light required by ordinance. Mr. Godden explained this morning to Judge Smith that he came to Oakland Sunday for the purpose of entering his son in the Polytechnic High School and knew nothing about the ordinance, which he certainly would not have broken had he been aware of its existence, and that he had accepted a situation here himself and expected to remain. Upon this showing he was told to go and sin no more.

GUILTY OF BOTH.

Edna Wallace, several times previously before the Police Judge, was again in court this morning on a charge of drunk and vagrancy. She pleaded guilty to the former charge with promptness, and said relative to the second that she supposed that as it was down on the book that way she would have to say guilty. She was given $6 or three days on the charge of drunk and thirty days in the County Jail for vagrancy.

TAYLOR RESIGNS TRUSTEESHIP.

C. L. Taylor this morning resigned as trustee of the estate of Francis A. Blake, who died nearly twenty years ago and left an estate valued at $314,957.05. For eighteen years Taylor has been trustee under a trust clause in the will. Miss Alice S. Blake was appointed as trustee in the place made vacant by the resignation of Taylor.

IN HIS NEW HOME.

CHARLES W. KOHL.

Charles W. Kohl, a prominent member of the Eagles and well known in sporting circles on both sides of the bay, will on Thursday open one of the finest and most artistically arranged bar-rooms on the coast.

Mr. Kohl was formerly a successful business man of Los Angeles.

He came to Oakland in 1895 and was engaged in business in this city until the recent fire on San Pablo avenue.

The new location is at 411 Twelfth street, between Broadway and Franklin streets. While on a side street, Mr. Kohl will lose no trade, as the beautiful upholstered lounging room and lobbies will prove a handy and comfortable resort for the weary young bachelor to while away the dreary wintry evenings and forget dull care. The fixtures are of the very latest Eastern design, the bar and back bar being constructed of weathered oak, handsomely polished. Nothing but the very finest cut glass will be used in the service of stimulating beverages, which will be dispensed by the well-known and popular mixologist, Harry A. Kohl, who will be assisted by Joseph H. Martin, well known in this city. Their reputations as mixers of fancy drinks are beyond dispute. Mr. Kohl will have no grand opening, but will be ready to greet his many friends Thursday, October 1.

MELLEN TAKES NEW OFFICE.

RETIRES FROM NORTHERN PACIFIC AND GOES TO NEW YORK LINE.

ST. PAUL, Minn., Sept. 29.—The Despatch says:

It has just transpired that on Thursday last, Charles S. Mellen, president of the Northern Pacific, tendered to the directors of that road his resignation as president and it was accepted. It is now announced that on October 21st he will be the unanimous choice of the directors of the New York and New Haven for the presidency of that company and on October 1st he will assume the duties of his new position.

Regarding who will be the next president of the Northern Pacific, the railroad world is at sea. F. Underwood, of the Erie, and W. H. Truesdale, of the Delaware, Lackawanna & Western, have been most generally connected by gossip with the office, but both have emphatically entered denials. General Counsel C. W. Dunn, as being high in the confidence of Mr. Hill, has always been regarded as his possible choice, but there is today a feeling that the coming president of the Northern Pacific has not yet been mentioned in public, thourh possibly selected by the ruling heads. Mr. Hill is expected to arrive in New York shortly and his presence may be in connection with these events.

MAFIA AFTER BILLY MOORE.

W. W. Moore, an employe at Smith's clothing store on Washington street, made application to the Board of Works this morning for a permit to carry a concealed weapon.

Moore was arrested last week upon complaint of his wife, who charged him with battery and the case was dismissed in the police court because witnesses could not remember enough of the alleged battering to convict. Moore is being sued for divorce by the wife and both want the custody of the child. He says that when he reached the store this morning, he found a threatening letter awaiting him and he wants to be allowed to carry his artillery to protect himself.

The letter is as follows:

"Oakland, some time today."

"You bada man:—I finda some time a bada man I will stick the crooked knife in back when you no look maybee you d—m bad man.

"I finda your wife in picking hop fields. She very fine lady. You very bada man: she tella me you no feeda her and fine babies, no money; you ever give her you dog. Now what I want to say is I will some dark night when you no look beat you down town up. I see in paper when I am in country you try to steal child from fine lady; fine wife but not be should d—m bada man.

"I am crazy. You have made me crazy, you bada man. I like your fine wife more as much as you do I know it. You bad dog. Some time I know I can't kill you. Have chance last night but you have friends. I get you before divorce comes off you bada man—now stop before you think. Dark night fog knife quick long stick in belly and back. I know you work day and sleep night. You bada man.

"Your friend, your enemy."

SHE IS GRANTED A JURY TRIAL.

The trial of Mary Bernard, charged with disturbing the peace, on appeal from the decision of Justice of the Peace Black of San Leandro, who refused to allow her a jury trial, was begun before Judge Ellsworth and a jury this morning.

Mrs. Bernard was charged with disturbing the peace of some of her neighbors and demanded a jury trial. This Black refused and found her guilty and sentenced her to pay a fine of $10. An appeal from his decision was taken to the Superior Court and last week Judge Ellsworth decided that disturbing the peace was an offense where the person charged could demand a jury trial. He therefore set aside the judgment given in the case by Black and set the trial of Mrs. Bernard for this morning.

The following jury was impannelled to try her case: J. H. Chipman, F. Anderson, Otto Rancke, E. C. Bridgman, H. J. Derby, A. A. Demars, C. B. Rice, M. W. Dixon, W. J. Atcheson, W. D. Thomas, C. H. Cole, Martin Donahue.

H. O. Beckley, a ship's mate was struck by a falling boom about one o'clock today near Hay & Wright's ship yard and had his back seriously hurt. He was removed to the Receiving Hospital and later to his home in San Francisco. It is not believed that the injury is necessarily a permanent one.

GRIFFITH CASE IN COURT.

COLONEL'S WIFE WANTS HER INTERESTS IN SUIT PROTECTED.

LOS ANGELES, Cal., Sept. 29.—Argument was this morning begun before Judge Conrey on two points at issue between the attorneys representing Colonel Griffith and his wife, the first being relative to the amount of the bond Mrs. Griffith should be required to give to protect the interests of the Briswalter Land & Water Company during the pendency of her suit for divorce. Attorneys J. D. Works, L. R. Works and Charles Silent appeared for Colonel Griffith, while Mrs. Griffith was represented by former Governor Gage, Isidore Dockweiler and W. J. Foley. After an extended argument, Judge Conrey reduced the bond required of Mrs. Griffith from $10,000 to $5,000.

The court then took up the question of the custody of Vandell, the minor son of the Griffiths, who is at present in the care of his grandmother.

JAPANESE SENT TO STOCKTON.

K. Kuya, the Japanese boy who yesterday attempted suicide by cutting his throat with a pen knife, was committed to the insane asylum at Stockton this morning by Judge Hall. Kuya had several friends who believed that while he was in a melancholy state he had better be sent to some place where he could be prevented from doing himself injury. They stated that he had only been in the country a short time and had become despondent and had once before tried to take his own life.

ELECTRIC CARS COME TOGETHER.

Two Sixteenth street cars came together about a quarter past 11 o'clock this morning at the turn of Washington into Fourteenth street through the failure to turn a switch. The eastbound was but slightly damaged, while the westbound one had its windows badly shattered and one side smashed. Fortunately no one was injured, although a lady with a baby and a little girl, who were passengers on the damaged car, were shaken and badly frightened.

OAKLAND TEAM GOES TO SEATTLE—MORE AND MINI JOIN TEAM.

Baseball

ANGELES TO PLAY WITH STARS.

LOS ANGELES AND SAN FRANCISCO BEGIN TWO WEEKS' SERIES TODAY.

In Oakland this afternoon the Los Angeles baseball nine opens a two weeks series by playing the San Francisco team. Yesterday Manager James Morley of the Southern team arrived, a day in advance of his team. Newton, Dillon, Toman, Ross, Smith and Wheeler have signed with him for next year, and he expects his team to include some other crack players ere long. Morley is of the opinion that by securing his players now, he is enabled to organize a permanent and practically invincible combination. Drinkwater's work has not been sufficiently effective to give him a place with the Angels on the coming trip. Hurlburt also will be among the absent. Dillon has recovered from his late indisposition, and Spies will catch for the combination. Manager Morley explains Hall's recent poor work, to the unnecessary accumulation of weight and general lack of condition.

The Oakland team, with Umpire O'Connell, started north last night. Portland and Seattle will be their destinations on this visit. They will play with Seattle this week.

There is a rumor that Henry Harris has designs for procuring the services of Jake Beckley for next year.

The idea that San Francisco has a chance to compete successfuly with Los Angeles clings immovable to Danny Shea's mind, therefore, this afternoon he will make another effort to lend his aid in winning from the visiting Southerners.

Drohan, Seattle's pitcher in last Sunday's game, was reinstated over Parke Wilson's head. The directors listened to the pitcher's story after his release, and put him back to work. Wilson would have quit the management when this was done had it not been for his minority interest in the club.

The Sacramento team has gone to Portland to play a one-week series with the nine of that city, and will then go to Seattle.

ORGANIST AT OUTS WITH CHOIR LEADER.

Miss Mabel Hill has resigned her position as organist of the First Methodist Episcopal Church because of differences of opinion between herself and J. H. Robinson, the choir leader.

Miss Hill, who is well known in Oakland's younger musical set, has acted as organist for the church for the past year and her sudden resignation is regretted by the congregation and the members of the music committee. Rev. Dr. E. R. Dille, on behalf of the music committee, has requested her to reconsider the matter and withdraw her resignation, but Miss Hill has refused to return even at an advanced salary.

The music committee held a meeting last evening, but a successor has not yet been agreed upon.

DR. FUNSTON IS FREE.

Dr. W. H. Funston, the veterinary surgeon, who a short time ago was arrested on the charge of practicing medicine without a license, was found not guilty by Police Judge Smith.

Attorney Eugene Trefethen presented a demurrer, contending that the statutes do not require a man to take out a license when he has a diploma. He stated that the statute as amended in 1903 makes it a misdemeanor for a man to practice veterinary surgery and medicine without a diploma or without taking the examination of the State Board. It does not require one who already has a diploma to secure a license.

The prosecution made no effort to sustain its charges and Dr. Funston was discharged.

DEATH OF MRS. POWERS.

WILLING TO MEET WINNER.

BEN JORDAN SEEKS A MATCH WITH VICTOR OF TONIGHT'S CONTEST.

A bout between the winner of the Hanlon-Yanger fight and Ben Jordan is the dream of Manager Morris Levy, since Young Corbett fails to respond to Levy's offer to arrange a match between the champion and the Hanlon-Yanger winner, giving Corbett a bonus of $1000 should Yanger win. Yanger airs the opinion that Corbett is afraid of him and the offer of a bonus is merely a bait to catch him. Otherwise than that Corbett does not feel certain of the outcome, Manager Levy cannot account for his not responding, as he has heard that Corbett is again on the lookout for scalps.

Morris has received a letter from Charles Horan, Jordan's American agent, in which Horan says Jordan will fight the winner of tonight's contest, here in December. He sets the weight at 126 pounds at 3 o'clock. Jordan wants to start from England about October 10th getting here the latter part of the month and thereby allowing himself plenty of time to train should he fight in December.

JUDGE SCORES A PRISONER.

FOUNDER OF SEDITIOUS ORGANIZATION IN MANILA GETS HEAVY SENTENCE.

MANILA, P. I., Sept. 29.—Judge Sweeny, in sentencing Dominador Gomez to 26 months' imprisonment and a fine of $500 for founding a seditious organization, recited the fact that out of some $40,000 collected by the Union Obrero, only $14,000 had been accounted for by Gomez. In addition to this he had sold stock in the concern, knowing very well that the Union was insolvent. The real object of the conspirators, he said, was the overthrow of the government and to assist the ladrones in their raids in the northern provinces. The Filipino assessors, in dissenting to the action of the court, maintained that a faulty translation of the incriminating evidence had led to an unjust conclusion of facts.

WANDERS ABOUT TOWN INSANE.

SAN JOSE, Cal., Sept. 29.—Mrs. George Pratt, wife of a solicitor, wandered away from her home last night while temporarily deranged and was found by the police this morning in the southern part of town sitting on the curbing at a street corner. She had been despondent lately on account of ill-health. In reply to questions she said simply that she had been taking a walk.

DIMMICK'S WIDOW WOULD ADMINISTER ON ESTATE.

Petition to be appointed administratrix of the estate left by Edwin F. H. Dimmick, who died while camping in Contra Costa hills, has been filed by his widow Florence E. Dimmick.

His estate is said to consist of money in bank, dental appliances and jewelry to the value of $600.

TO BATTLE THIS EVENING.

HANLON AND YANGER WILL HAVE THEIR SECOND MEETING TONIGHT.

Tonight Eddie Hanlon of San Francisco and Benny Yanger will meet in the roped arena at Mechanics' Pavilion in a twenty-round contest, and attempt to do what they failed to at their last meeting about three months ago. The contest will be under the auspices of the Hayes Valley Athletic Club and will be refereed by Ed. J. Smith of this city.

Hanlon and Yanger fought twenty rounds to a draw early in the summer, and it proved to be one of the hardest and most stubbornly-contested fights ever seen in San Francisco. At that time both under-estimated the other, but this time they both know the other's style and abilities and will fight for all there is in them.

The betting on the contest is 10 to 7 with Hanlon the favorite. At first glance this seems rather strange, considering the evenness of their last contest, but it is caused more by faith in the Californian's ability than anything else. The San Francisco fight fans have the utmost faith in Hanlon and are willing to back him to their last dollar.

The weight limit agreed upon by the two fighters was 130 pounds at 3 o'clock this afternoon and both will weigh-in fully three or four pounds under that mark. Neither of them have had to worry about weight, for they took it off naturally and easy, the result of careful and assiduous training.

It is a hard matter to pick the probable winner on their past records. Yanger has fought over fifty battles and met some of the best in the business. He has been invariably successful and did fully as well against Young Corbett and Abe Attell as did Hanlon. On the other hand, Hanlon has almost no record to speak of. He sprang from obscurity by beating Maxey Haugh and Kid McFadden. He then went against Abe Attell and fought a 20-round draw with him, and was next matched with Young Corbett. The latter thought it a chance of picking up some easy money, but soon saw his mistake and came very near losing the fight. It was declared a draw. Hanlon's next contest was the one with Yanger last June. His record consists chiefly for three draws with the three best men in class.

Both boys have the utmost faith in their abilities to win and do not hesitate to say so. Yanger says his thumb and back have entirely recovered and will give him no trouble. He says he is in much better condition for the contest than he was last time and will be heard from when the fight is over. He is so confident of winning that he has already made plans for forcing Young Corbett into making a match with him.

Hanlon has the same brand of confidence and says he is stronger and better than ever. He is determined to knock the Italian out. Eddie is not much given to talking about himself, and when pressed for some expression as to the probable outcome, he has said that he is going to do his best and believes that he can win before the twenty-round limit expires.

Alex Greggains, Billy Otts, Frank McDonald and Charles Moran will second Yanger in tonight's contest, and Eddie Hanlon will have Joe Cargell, Fred Landers, Mike Short and Harry Foley in his corner. The preliminaries will be between Harry Sheridan and Jack Evans, and George Fuler and Billy Otts.

MUCH PROPERTY DESTROYED.

SAN JOSE, Cal., September 29.—Fire in the Liberty Hotel building at San Pedro and Post streets this morning destroyed property valued at $5000. The fire is supposed to be the work of an incendiary. The building belongs to the Auzerais, the lessee, lost furniture and fixings valued at $1,500, no insurance; building loss, $3,500; fully insured.

WANT HIM TO REMAIN.

The congregation of the First English Lutheran Church of this city has adopted a resolution asking their pastor, Rev. William Kelly, to reconsider his resignation. A committee, comprised of Mrs. Bittle Myers, C. E. Calmore and J. C. Walling, was appointed to call on the minister and present the resolutions.

BRITT IS HARD AT WORK.

CALIFORNIA'S IDOL AND SEIGER ARE TRAINING FOR HARD CONTEST.

Jimmy Britt is installed at Croll's Garden in Alameda and has commenced training for his coming contest with Charley Seiger. He realizes that he is going up against a hard game and he intends to be in the very best condition. Seiger is a hard fighter and can keep a hard pace for a long time, consequently Britt will have to be in perfect shape to hold his own.

Jimmy intends to pay particular attention to his wind and he expects to be able to win by his superior cleverness, which no one denies him. Seiger is not a boxer, but a fighter pure and simple, and depends upon hard punches and agressiveness to win for him.

With Jimmy at Alameda is Frankie Neil, who is training for his contest with Johnny Reagan in Los Angeles, and the two will train together, assisting each other as much as possible. Jimmy is always a hard worker and his present stay in Alameda is anything but a loafing one.

Seiger is doing hard work at Sheehan's beach tavern and is fast rounding into shape. He is taking long runs on the road to take off the superfluous weight and already has taken off nine pounds. Yesterday he was down to 140 pounds and expects to make the 135 pounds at 3 o'clock on the day of the fight without any difficulty.

CENTERVILLE, Sept. 29.—The Tennis Club of the Union High School has invitations out for a social hop on Friday evening of this week.

The handkerchief bazaar held at the home of Mrs. W. H. Layson proved to be quite a success. The proceeds will go toward a Sunday school room at the Presbyterian Church here.

Rally day was held at the Presbyterian Church on Sunday. Exercises by the children made up a very appropriate program and many were in attendance.

The barn party given by Mrs. J. A. Bunting on Friday was a delightful success. Many were present and all thoroughly enjoyed themselves.

The Trinity Guild will meet with Mrs. Crothers on next Wednesday.

MILLIONAIRE TO WED COFYIST.

JOHN BRADBURY OF LOS ANGELES WILL TAKE SECOND WIFE.

LOS ANGELES, Cal., Sept. 29. — The engagement of John Bradbury, the wealthy son of the late L. Bradbury, to Miss Bessie Tonnier, a copyist in the office of the County Recorder, is announced. The marriage will occur within a few weeks and will be a quiet affair on account of the indisposition of Miss Tonnier's mother.

John Bradbury is the owner of rich mines in Mexico and of a large estate in Southern California. He was formerly married to Miss Lucy Banning, daughter of one of the early California pioneers and who is at present living in Los Angeles.

MUCH INTEREST EVINCED.

DENVER, Colo., September 29.—Interest in the Republican State Convention which met in this city today is as great as if an entire State ticket, instead of merely a candidate for Judge of the Supreme Court were to be nominated and a seat in the United States Senate were involved. It was practically settled in advance of the assembling of the convention that Chief Justice John Campbell, whose term expires next year, would be honored with re-nomination for position on the supreme bench, but a bitter contest was being waged for control of the party organization in Denver and the State.

C. A. Blank is the secretary and treasurer of the club, which has already erected a commodious club house on the preserves. Among the members of the organization are the following prominent business men: W. C. Mason, who will act as business manager of the club; Dr. J. A. D. AMATEURS WILL MEET.

WEST OAKLAND CLUB HAS GOOD BOUT FOR TOMORROW EVENING.

Tomorrow evening the West Oakland Athletic Club will hold its first boxing entertainment under the new regime at their club rooms in West Oakland. The club has arranged a program of six amateur bouts of four rounds each and have some very good talent arrayed.

The main event is a go between 105 pound men for the bantamweight championship of the Coast in the amateur class. Joe Crowley and George Finnegan are the aspirants for the honor. It is stated that the two have an old grudge to settle and it will make the contest an interesting one.

The club anticipates a large attendance and is making preparations for handling the same. The contests will be judged by two judges and a referee, in accordance with the rules laid down by the Pacific Amateur Association.

Bright's Disease and Diabetes News

San Francisco, Sept. 28, 1903.

The mails last week brought a number of letters from patients recovering and one complaint. We give the latter in full:

Everett, Wash., Sept. 17, 1903.

J. J. FULTON CO.—Gentlemen: I feel that myself and everyone else having need of your Compound have valid reason for making sharp criticism of your business methods.

On April 14 of this year, while suffering from severe kidney trouble I entered the Lion drugstore in your city seeking a remedy. They told me of the Fulton Compound, and I bought it. Later I was able to get another bottle in Salem. Later, after being out of it two weeks, I dug up another in Portland. After that I was out of it two months, and finally got three bottles in Tacoma on the 12th inst. Since leaving San Francisco have called the attention of many druggists and doctors and hundreds of others to your Compound, and many of the latter sent for it and have told me what it has done for them. I have talked so ardently for it that many think I am its agent. But imagine my surprise on learning that the reason why country druggists can't get it is because they must buy $200 worth at a time. If this be true it is too bad, and you have no moral right to follow methods that keep so valuable a remedy from the public. I would not take $100 for what the first three bottles did for me, and I gave a letter to that effect to Malstrom Bros. in Tacoma. But it discourages me, after my large amount of gratuitous booming of your Compound to find that it is almost impossible for the people to get hold of it. There are swarms of sufferers seeking a remedy and dying, with a good thing in the market which they are unable to get. Sincerely.

M. W. WILKINS.

Mr. Wilkins is not correctly informed. There is an agent in every city of 1000 and over on the Coast, and they can and do buy it even a bottle at a time when they so order it. And what is more, we have now put Fulton's Compounds, the only cures the world has ever known for Bright's Disease and Diabetes in every city of 10,000 and over in the United States, and are gradually putting them into smaller cities. Send for literature and list of 600 agents. Jno. J. Fulton Co., 409 Washington street, San Francisco, sole compounders. Owl Drug Co., Thirteenth street and Broadway; Osgood Bros., Seventh street and Broadway; I. Tobriner, Seventh and Market streets.

MORE AND MINI BACK.

CRACK FOOTBALL PLAYERS STRENGTHEN TEAM BY RETURNING TO GAME.

California's 'Varsity football eleven yesterday moved up two notches nearer to possible victory in the intercollegiate game this fall. With the already nearly impregnable line and the back field doubly strengthened by the addition of Quarterback More and Half-back Mini, who yesterday decided to return to active service on the gridiron, the U. C. eleven should do their part in the coming battle with the wearers of the cardinal in making the game one well worth going far to witness.

More and Mini have until yesterday stood firm in their determination to stay out of the game and make room for new talent, but the insufficient work in the back field in Saturday's game with Reliance did much in inducing these two stalwart players to listen to the importunities of the football enthusiasts of the University of California to return to their old positions in the team. By doing so they make this year's 'varsity team nearly the same as the eleven which played in the great game last year.

CONDEMNED MAPS.

LONDON, September 29.—When the Alaskan Boundary Commission resumed its sessions this morning, Christopher Robinson, K. C., who suffered from severe indisposition yesterday, but who had been benefited by the night's rest, resumed his speech in behalf of the Canadian claims, though at the suggestion of Chief Justice Alverstone, counsel remained seated. Mr. Robinson dealt vigorously with the fallibility of the maps of the district under contention claiming that the American deductions therefrom were therefore weak.

MAKES PROTEST.

MANILA, P. I., September 29.—The International Chamber of Commerce has just protested against the action of the collector of customs in furnishing sample invoices of shipments made to the St. Louis exposition and threaten to ask the foreign consuls to intervene. They say that these invoices should be treated as private documents.

TWO BOUTS FOR THIS MONTH

AL NEILL AND DIXIE KID AT SEQUOIA CLUB—MAHONY SEEKING TALENT.

On October 20 the Sequoia Athletic Club will hold its first professional glove contest in this city for this year, and the principals signed for the main event are Al Neill and Dixie Kid. These two met in Los Angeles some time ago and Dixie Kid was the winner. Neill is not convinced that the Kid is the best man and has decided to try once more. Dixie Kid is willing to demonstrate the fact again and the club has consequently matched them for fifteen rounds at 152 pounds.

Just one week later, October 27, the Reliance Athletic Club will hold its next monthly show and Matchmaker Mahony is now busy looking over the available fighters for the main event. He is now in telegraphic communication with Jack McClelland at Portland with a view to getting him to come here for a match with either Jack Cordell or Joe Angell. He has not yet received a definite reply, but he is inclined to believe that McClelland will accept.

McClelland was matched with Herrera, but for some reason the meeting has failed to materialize. The Portland boy is a clever boxer and will make a worthy opponent for either Angell or Cordell. He has fought numerous battles in the northwest and has met some of the best lightweights in the country. He has never fought in California, but he will come here with a reputation that will insure a great contest with whomever is selected for his opponent.

Should he accept the chances are that Angell will be the one to meet him, for the reason that Cordell's nose is in bad shape from his recent contest with Angell. He took a deal of punishment on his face and will be unable to box for some time to come. Angell is in good shape and can enter the ring at any time.

The Proper Treatment for a Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied a complete cure has been effected in less than one week's time, and in some cases within three days. Priest Reviews the Evidence Submitted By the Rev. Dr. Baker.

Editor TRIBUNE:—A few days ago I found myself under the unpleasant necessity of calling in question several statements of the Rev. Dr. Baker as they were set forth in the public press of this city.

Certain aspersions cast upon the moral conduct of Catholics and certain doctrines ascribed to their church demanded that I should enter a protest and ask upon what proofs the truth of these assertions was based.

I might as well state right here that personally I have not the slightest desire to engage in any controversy. To me it is utterly distasteful and I look upon all things that tend to give it birth as most unfortunate. With the Rev. Dr. Baker I have no quarrel. Of himself, personally, I know very little and there is no reason why the friendliest relations should not obtain between us. It is not so much Dr. Baker as his public utterances that concern me at this time. To the church of which I am an humble member he has ascribed a doctrine which I abhor; to the Catholics of this city he has attributed a conduct that would make them worthy to be despised. He has publicly stated that the Church holds as one of her doctrines that for a sum of money or any other consideration given in advance the permission to commit sin may be obtained.

I asked the Rev. Dr. Baker to furnish proofs for the truth of his statement.

I said that I would give $500 to any charity he might name whenever he would furnish evidence out of the authorized books of the Catholic Church that his statements were not utterly false. The fair-minded people of this city will not say that I was unreasonable in asking Dr. Baker to prove his thesis out of the doctrinal books of the Catholic Church with whose teachings he claims to be so familiar.

If I wish to form an opinion about the Presbyterian doctrine will I go to the Methodists or Jews or the Catholics for information? If I wish to know the true policy of the Democrats will I go to the Republicans to learn it? In like manner the teaching of the Catholic Church must surely be found in the doctrinal books from which her children derive their instruction. Now it was from any one of those books that I challenged the Rev. Dr. Baker to prove that the permission to commit sin may be purchased for money. Has Mr. Baker done this? Thoroughly acquainted as he is with the doctrines of the Church, what authorized manuals of church doctrines has he adduced? And now hearken ye people of Oakland and let all the inhabitants of the foothills hear. To show that what he said was true to prove that he did not slander his neighbor he brings forward these eminent Catholic authorities—a leading Presbyterian newspaper and Miss Alice Robinson.

After that clear and cogent proof drawn from such Catholic sources, I should, of course, have hurried to hand over $500 to charity as I agreed to do when satisfactory evidence was furnished that for money paid in advance permission to commit sin may be obtained.

In his sermon as reported in THE TRIBUNE yesterday evening Mr. Baker says: "The special point at issue is indulgences." No, Dr. Baker, the special point at issue is not indulgences. The special point at issue is, can you prove that your statement is correct when you say that for "money paid in advance permission to commit sin may be purchased."

This statement you have made. You say it is a tenet of the Catholic Church. I have denied that that statement is true. You have been asked for the proofs. You have not furnished them. The issue, Dr. Baker, is still before you.

Of course, I do not for a moment admit that the Rev. Mr. Baker knows anything about the Catholic doctrine of indulgences. I am not finding fault with him for that. If he does not choose to acquaint himself with the church's teaching on that point it is no affair of mine. I only blame him for dogmatizing on a subject with which he himself was not familiar. He speaks of indulgences as though Catholics believed that by that means sin could be forgiven. The little boys and girls who go to Sunday School could have told Dr. Baker that indulgence is not offered by the Catholic Church as a remission of sin or a permission to commit sin.

In the little catechism which the children study at Sunday School there is a chapter on indulgences and the question is asked there:

"Is an indulgence a pardon of sin or a license to commit sin?"

The answer follows:

"An indulgence is not a pardon of sin, nor a license to commit sin and one who is in the state of mortal sin cannot gain an indulgence."

This little book may be bought—two for a nickel—in any ordinary book store and anyone who wishes may satisfy himself what the teaching of the church on the subject of indulgences really is.

The "reply" to my questions published in THE TRIBUNE yesterday evening is the most wonderful specimen of scholarship that I have seen for many a moon. Dr. Baker sets out to prove that the sale of indulgences is carried on in the church and he begins by naming the "syllablus."

What in the name of heaven has the "syllabus" got to do with the sale of indulgences or where did he find anything in that document relevant to the present question? Why did he not quote from it that section which taught that "for a stipulated amount of money or prayers permission to commit sin may be bought in advance?" Why did he suppress so valuable a proof which would silence me and all my brethren for years to come?

Next he cites the Vatican council and learning from its decrees that the church is infallible in faith and morals he logically concludes that, therefore, for a certain sum of money, paid in advance, Catholics may obtain the permission to commit sin.

Truly, the shade of Aristotle must have hovered over him as he gave out to the world these magnificent specimens of the logician's art. As a good Catholic text book he next cites "The Schaff-Herzog Encyclopedia." I am inclined to believe that the person who wrote the article on indulgences in that precious encyclopedia knew as little about the subject as the Rev. Dr. Baker himself. He mentions Thomas Aquinas in support of his contention that for money paid in advance the permission to commit sin may be obtained. The writings of the great doctor comprise in some editions twelve octavo volumes, and as Rev. Mr. Baker did not tell his people where they might find that doctrine laid down, I fear not many of them will take the trouble to read the entire writings of Aquinas to find it. The name of Tetzel is next offered as a proof in favor of the position assumed by Dr. Baker. I wonder if the learned gentlemen has ever read his "antitheses." If he did he certainly would not have mentioned his name.

"The Handbook of the Apostleship of Prayer" and some other prayers he saw in various Catholic Churches are spoken of, but he does not quote from them to show that "for money paid in advance the Catholic Church grants the permission to commit sin." Now what is the use of all this humbug? What is the use of trifling with the question? If Dr. Baker could have shown that his statements made in his sermon on the 20th inst. were true he should have done so. If not it were better to say so at once, and not permit an intelligent public to draw uncharitable conclusions.

When we were informed a few days ago by THE TRIBUNE that Rev. Dr. Baker was buckling on his armor to enter the lists of controversy, I thought he would do as St. Paul advised and "take the helmet of salvation and the sword of the spirit, which is the word of God." I find, however, to my great regret, that he has put his trust rather in the helmet of Huddleson and in the sword of the Rev. Donald Ross, and raising once again the shout of the A. P. A., he comes out to prove that his Catholic fellow citizens are ignorantly superstitious and tied down to doctrines that would be a disgrace to savages of the South Sea Islands.

In conclusion let me repeat what I have already said that, it is from no love of controversy that I have written these letters. If I wished to say unkind things about my Protestant fellow citizens I would not have waited till this late day to say them.

I have been in this city longer than Rev. Dr. Baker. Sunday after Sunday I have spoken to my people, and no Catholic or no Protestant can get up and say that he has ever heard me utter an unkind word about my non-Catholic neighbors. The Protestant people of Oakland may go into the Catholic Churches of the city and they will hear the gospel of Christ preached to the people but they will hear no word spoken that would tend to wound the feelings of those who hold different religious beliefs.

It is too bad that men whose mission it is to preach the doctrine of the Prince of Peace should think that that mission is fulfilled by saying unkind things about their separated brethren and ascribing to them doctrines which in their hearts they abhor. Yours sincerely,

FRANCIS XAVIER MORRISON.

NEED FUNDS FOR SALARIES.

CITY TREASURER TAYLOR MAKES REPORT OF FINANCES TO COUNCIL.

City Treasurer Felton Taylor submitted the following report to the City Council last evening:

"Oakland, Cal., September 28, 1903.

"To the Honorable City Council of Oakland, Cal: Gentlemen—I respectfully submit herewith some data in reference to the condition of the city funds in order that you may, if possible, provide a way for paying salary warrants of the city.

"On September 26, 1903, your Finance Committee counted the cash on hand and found $59,284.08. This money is scattered around in a number of funds, as you will see by the statement of the funds herewith.

"Section 135 of the City Charter provides that the Council shall establish separate funds representing the several departments requiring municipal expenditures; and the percentage of levy shall be named for each fund and the amount of taxes and revenue of the city, apportioned accordingly; and no transfer shall be made except of balances in excess or from the general fund to meet deficiencies or to provide for the redemption of city bonds.

"This prohibits the using of the money belonging to one fund for the payment of warrants against another fund.

"This being prohibited, we pay all warrants drawn by the Auditor against the different funds until the money in the particular fund is exhausted, at which time we register the remaining warrants drawn against the fund in their order and pay them in rotation as fast as the money comes into the fund.

"By referring to the statement of the funds filled herewith the particulars as to the individual condition of the several funds will be found noted, for example, $14,369.46 of this money is personal property taxes received from the Assessor for this fiscal year, which cannot be apportioned until the tax rate and apportionment for this year is finally fixed.

"To one unacquainted with the conditions, it would seem strange that the salary warrants of the city could not be paid when there is over $59,000.00 in the treasury, and your Mayor and Finance Committee asked me why this was so, but it is readily seen that the treasurer would not be allowed to use to pay salaries, for instance, the $7,482.05 belonging to the Police Relief and Pension Fund, as the law requires the money to remain in the fund for particular purposes and should the money be used for other purposes and then a warrant presented against the fund it could not be paid.

"I would be very much pleased to see a method provided whereby the employes of the city may be paid their salaries when due, and although it is not an easy matter to arrange I would be glad to assist so far as I am able in providing a way.

"I have given the matter quite a little thought and I am unable to see how all of the salaries can be paid from July 1 up to the time of the collection of the first installment of taxes, unless a surplus of about $40,000 is carried over from the former fiscal year.

"Our fiscal year begins on July 1 of each year. At that time we open up new funds in none of which have we any money.

"The only revenue that we receive, which will put money into the new funds between July 1 and November 1, is received from licenses, wharfage, etc., which amounts to about $10,000 a month.

"This money has been apportioned to a number of the new funds, giving a small amount to each fund, which is not much assistance.

"The bulk of the money to provide revenue for these new funds is received for taxes in November, after which there is ample money in the funds to meet warrants for several months when it again runs short until after the collection of the second installment of taxes in April when we receive enough money to carry us through the fiscal year.

"The salary roll of the city amounts to about $20,000 a month, but is scattered through about six funds, namely, Salary, police, fire, library, street and park. If all salaries were paid out of one fund, namely, a salary fund, and all licenses, wharfage, etc., which amounts to about $10,000 a month was apportioned to salary account, this would provide money enough for half of the salary account; the other half would have to be provided either by allowing the City Treasurer to use his discretion in paying these warrants out of the money on hand up to a safe point so that he would be able to meet other regular demands as presented, (which he now must do so far as bond interest and redemption is concerned), or you must carry over at the end of each fiscal year at least $40,000 to be transfered to the salary fund of the new year, which is a very difficult thing to do, as there is a constant temptation on the part of the Council to use any surplus on hand for some public improvements, or it will be used to meet an unexpected deficiency. Yours respectfully,

"FELTON TAYLOR,
"Treasurer and Tax Collector."

PLANS TO HAVE LARGE LOCAL BOARD.

BOARD OF TRADE AND MERCHANTS EXCHANGE ARE TRYING TO GET TOGETHER.

A conference was held in the rooms of the Board of Trade Monday afternoon between the committees appointed by the Merchants' Exchange and the Board of Trade to consider the matter of consolidation of the two commercial organizations.

At a meeting of the directors of the Oakland Board of Trade, held August 8th, the following resolution was presented by Director Keller:

"Resolved, That the president of the Oakland Board of Trade appoint a committee of five directors of said Oakland Board of Trade, to confer with a like committee from the Merchants' Exchange with a view to discussing plans for the consolidation of the two bodies into one strong organization. Time and place to be agreed upon later."

The Merchants' Exchange at a meeting held September 5th last, appointed a committee to consider the advisability of the consolidation of the two organizations. Yesterday afternoon the two committees met and discussed the matter. The committee from the Merchants' Exchange consisted of G. W. Arper, A. Jonas, D. C. Brown, H. M. Sanborn and A. H. Schlueter. The committee of the Board of Trade consists of M. J. Keller, D. Edward Collins, George E. Fairchild, C. J. Heeseman and Frank K. Mott. At the conference Mr. Keller was chosen to preside and Mr. Schlueter was chosen as secretary. The following in brief was the proposition for consolidation made by the committee representing the Board of Trade:

"Believing the unification and upbuilding of Oakland's commercial and industrial interests will be enhanced by a consolidation of the existing commercial bodies into one strong, aggressive association, the committee of the Oakland Board of Trade, appointed to confer with a like committee from the Merchants' Exchange would make the following suggestions:

"This committee, therefore, presents the following ideas with a view to furthering a consolidation of the Oakland Board of Trade and the Merchants' Exchange into one commercial body. These suggestions may meet with the approval of the Conference Committee from the Merchants' Exchange. Should they not, a committee of the Oakland Board of Trade would state in the beginning that possibly concessions may be made on both sides, or by both organizations, to the end that the two existing commercial organizations may consolidate or even if consolidation should prove to be out of the question, that definite lines of work for each association may be agreed upon in writing, and hereafter each organization adhere to these specific lines of work agreed upon.

"Feeling that possibly the members of either, or both organizations, may not care to lose the name or in consolidating to take the name of the other organization, a committee of the Board of Trade would recommend that a new name, as for instance, 'The Oakland Chamber of Commerce,' be selected as the name for the consolidating bodies. If desirous, the existing incorporations may be maintained for a specific time, but to lay dormant and all active work to be performed by the new formed association.

"We believe that all members of each constituent organization should become members of the consolidated body, free of debt, and that same be done as early as possible after said consolidation is effected.

"We should suggest that the officers in the new consolidated organization should for a time, at least, be elected pro rata from the membership in the two constituent organizations later, or at such time as may be decided upon. All directors to be elected by ballot of the entire membership of both organizations, regardless of former affiliations with either organization. We further believe that the outline of constitution and by-laws for the consolidated organization should be drafted by a committee appointed by the joint membership with the same pro rata of the present standing in each association.

"Should a consolidation be effected and one strong and aggressive body be formed as a result of this conference all matters of detail, as to rooms, dues, election of executive officers, etc., to be arranged and decided upon at some future meeting or conference. We believe that the time is ripe now and without further delay for the consolidation of the two principal mercantile organizations into one strong body."

The representatives of the Merchants' Exchange will report to their organization and the result of the conference will not until then be known.

MERIT MAKES IT FAMOUS

The Only Remedy in the World Except a Surgical Operation, That Will Certainly Cure Any Form of Piles

The study of physicians, the experiments of chemists, the loudly advertised pretensions of quacks, have been for years expended in one direction; to find a pile cure that would cure.

The results have been a number of harmless and in most cases useless ointments, suppositories and even internal remedies, which the public have weighed in the balance of experience and found wanting; nearly all of them gave some relief, but nothing approaching a radical cure resulted from these preparations.

The remedy required is one which will immediately stop the pain so severe in many cases of piles, and then by contracting the small blood-vessels (capillaries) to their normal size, produces a radical cure by reducing and finally absorbing the tumors and healing the inflamed, raw mucous surfaces.

Until a few years ago no such remedy had been produced, but at that time a suppository was placed upon the market, which has since proven itself to be the long-sought permanent cure for this common and distressing trouble; it has rapidly become famous throughout the United States and Canada, and is now sold by all druggists under the name of Pyramid Pile Cure.

It is now the best known, because its merit and safety have advertised it wherever used. It has been advertised by word of mouth, from one sufferer to another; people who have tried everything else, even submitting to painful and dangerous surgical operations without avail have finally found that piles can be cured without pain and, without expense practically, as the Pyramid Pile Cure is sold for the nominal price of 50 cents and $1.00 per package.

The Pyramid instantly stops all pain and at the same time contains no cocaine, morphine or narcotics; the acids and healing properties contained in the remedy speedily remove, cause a healthful, natural contraction and absorption of the tumors. It will cure any form of rectal trouble except cancer and advanced fistula, which, by the way nearly always results from neglecting proper and timely treatment for piles.

A book on cause and cure of piles sent free by addressing Pyramid Drug Company, Marshall, Michigan.

OUR MISSIONARY INTERESTS.

A recent magazine article expatiates on our "missionary interests in Turkey," and warmly argues that it is the duty of our government to interfere for their protection. The writer is an Armenian Christian, educated by the missionaries, and a citizen of the United States by virtue of his religious affiliation.

Here we have a painful misconception of the character and functions of the United States government. It is a misconception that is constantly involving the State Department in diplomatic wrangles and causing indignant demands that our government do this or that in connection with some internal trouble in foreign countries. As a nation we have no "missionary interests." It is not the duty of our government to protect with its military establishment those who go forth in infidel lands to teach the Christian doctrine. The government of the United States gives no preference to any religion. The Americans are, generally speaking, a Christian people, but ours is not a Christian nation in the sense that the law recognizes the Christian faith as superior to any other belief.

American missionaries have established a number of schools and colleges in Asiatic Turkey. These institutions are proselyting agencies. They are for the most part Protestant, for the missionaries of the Roman Church are controlled from the Vatican and are under the direct protection of France. The clergy and communicants of the Greek Church have the hand of the Czar over them. As our government is essentially non-religious, it can have no interest in the work of sectarian proselytism. As it is founded on the right of every person to believe anything he chooses in spiritual matters, it follows that it can have no concern with efforts to convert people from one religion to another. It is as much the duty of our government to protect a Mohammedan or a Pagan citizen in his rights as it is to protect a Christian citizen in his rights. So far as subjects of Turkey are concerned, it is no business of ours whether they kneel to Mecca, celebrate the mass or intone the Westminster catechism. It is no business of ours, as a nation, what they believe.

The American missionaries are foreigners in Turkey. They are endeavoring to convert subjects of Turkey to a strange faith. Now the Sultan is the spiritual head of the Mohammedan world, as well as the autocrat of Turkey. In a sense the missionaries are teaching disloyalty. They are attacking the social customs of the land, as well as the religious tenets of its people. Their system of education inculcates a hatred of the government of the Sultan, as well as contempt for the pretended prophecies of Mohammed.

In their business the missionaries assume the government has an interest. They impress that mistaken idea on their converts. The government has no interest in it whatever. It is all very praiseworthy from a moral and religious standpoint, but it is a work in which our government can take part other than to insist upon its citizens abroad, whether missionaries or followers of Islam, being given all the rights and privileges guaranteed therein by the laws of the country in which they are sojourning. In Syria, the missionaries claim that our government should interfere in behalf of native Christians, because they are either students or teachers in schools founded by American missionaries and supported by American money. This is nonsense of course.

There are American missionaries in Rome and Spain trying to convert Catholics to Protestantism. In Greece they are trying to proselyte disciples of the Greek Church. In India they are endeavoring to turn the people from Brahminism, in China from Buddhism and in Japan from Shintoism. If our government undertook to do what the missionaries demand it should do in Syria, it would speedily become involved in difficulties all over the world. It would be in trouble with half the Christian nations.

It is time the fact should be impressed on religious enthusiasts that the United States government has no interest in missionary effort as such, and cannot extend its protection over any scheme of religious proselytism, Protestant or Catholic. This is necessary to put an end to the pernicious effort of misguided bigots to enmesh this country in sectarian strife. The missionary must prosecute his work at his own peril. The purity of his intentions cannot be questioned, but the fact remains that this government is not interested in saving souls, particularly the souls of Chinese and Turks.

CARNEGIE'S GIFTS.

Somehow one wishes Andrew Carnegie would found a few free schools instead of supplying the money to erect so many library buildings. Mr. Carnegie claims that he gives to libraries in the cause of popular education. He only gives money to erect buildings, never to buy books, and he gives it only on condition that provision be made for the maintenance of libraries in the buildings. His gifts to educational institutions are limited to colleges and universities. This, of course, is better than not giving at all, but the same amount devoted to the cause of primary and technical education where such facilities are lacking would do far more good. It may seem invidious to say it, but Mr. Carnegie's giving has a strong savor of a desire for posthumous fame. He wants to leave monuments to his generosity scattered around where everybody can see them. As he has more millions than he can possibly use, his gifts involve no self denial. They are the droppings from an overful purse that has been filled by means not altogether worthy of commendation. The peace offerings he is making to his conscience do much to feed a vanity that is equally sensitive. "Never look a gift horse in the mouth," says a wise old saw, dictated probably by an appreciation of the fact that gifts often appear disappointing under close inspection.

It is announced that Richard Croker will return to New York after the municipal election. This means that he thinks Tammany is sure to win, and desires to come over and set the plantation in order and incidentally to arrange for the collection of his revenues. Probably he finds the life of a gentleman of leisure in England somewhat expensive.

Judge Chytraus of Chicago has ruled that the minutes of labor organizations must be produced in court on demand of parties bringing actions against the unions to prevent boycotting. John M. Stiles, a contractor, brought an action before Judge Chytraus to restrain the unions from interfering with his business. At the instance of his counsel the secretary of the Associated Building Trades was compelled to take the stand and give the details of the constitution, by-laws and agreements of the organization. Attorneys for the unions made vigorous objection to the proceedings, but without avail. Thus the officers of the unions are forced to furnish testimony against themselves. Whether the ruling will stand remains to be seen, as the question will be taken to a higher court for determination.

To the practical mind, Joseph Manley of Maine has no chance of being nominated for Vice President on the Republican ticket. President Roosevelt resides in New York. The political practice of the past fifty years has been to take one candidate from east of the Alleghenies and the other from west of that range. It is out of the question that a Vice Presidential candidate should be taken from down East with a New Yorker at the head of the ticket. They would make a ticket so palpably sectional as to invite defeat. President Roosevelt will be elected, no matter who his running mate may be, but it would be nothing short of wild political folly to handicap him with a New England running mate. The country is too big for both candidates to be taken from one corner of it. But Joe Manley would make a first-class Vice President.

In making up the fusion ticket in New York the important fact was brought out that every fourth voter in the city is a Jew. It will surprise many to learn that 25 per cent of the voters of the metropolis are Israelites, but the fact is stated with such authority as to place it beyond question. It is also a matter of remark that an enormous majority of the Jews in New York are adherents of Tammany Hall. The Jews are almost as strong in the organization as the Irish, and to their talent for organization is due much of the splendid discipline in the Tammany ranks. It is quite likely that the Tammany nominee for Mayor will be a Hebrew.

Abe Ruef's request for a furlough from service on the Republican County Committee till the first of November is the most hilarious thing that has occurred in San Francisco politics in a long time. The municipal campaign ends on the first of November. Mr. Rueff takes a furlough to lead the enemy. While still holding a seat in the Republican County Committee he is managing the campaign of the Union Labor candidate for Mayor. The idea of taking a furlough to fight in the ranks of the opposition is a new one. What would we think of an American army officer who should ask a furlough to go off and lead an army against his country? Mr. Ruef is a most surprising politician, but not more surprising than the gentlemen who take his methods as a matter of course.

A TRYING POSITION

Oakland Readers Will Appreciate This Advice.

A constant itching tries your patience.

Nothing so annoying; nothing so irritating as Itching Piles or Eczema.

To scratch the irritating makes it worse.

To leave it alone means misery.

Some Oakland citizens can tell you how to be free from these troubles. Read the following:

R. Gilgan, carpenter of 1215 Clay street, says: "I had itching and bleeding hemorrhoids commonly known as piles for years. None but those who are annoyed day and night with this exasperating affliction have the faintest idea what a sufferer endures and when at last he finds a means to bring relief he is only too pleased to let his friends and neighbors know what he employed. I went to a drug store for Doan's Ointment. I believe the second application helped. I am not prepared to say that the ailment is radically disposed of but this I can consistently declare from the treatment I received more genuine benefit and more immunity from distress and annoyance than from anything I ever used."

EARLY MORNING WEDDING.

MRS. WILLIAM C. LYON.

BERKELEY, Sept. 2[illegible].—An unusually interesting romance that had its beginning in the classroom, had its culmination today when William C. Lyon, a prominent young business man of Honolulu and Miss Myrtle Striker, a popular young woman of the North End, were united in marriage. The nuptials took place at the residence of the bride's parents, Mr. and Mrs. John W. Striker of Vine street and Shattuck avenue.

Rev. Benjamin F. Sargent, pastor of the North Berkeley Congregational Church, officiated at the ceremony which took place at 9 o'clock this morning. The earliness of the hour was made necessary owing to the fact that the young couple were compelled to leave on a morning train to catch the steamer which will bear them to Honolulu on their honeymoon trip.

With the departure of Mrs. Lyon local social circles will lose one of its most vivacious and entertaining members. Both young people have lived in Berkeley since their childhood and it was while attending school that their mutual attachment was formed.

Mr. and Mrs. Lyon will reside in Honolulu, where the groom is at the head of the William C. Lyon Company, Limited.

HINTS FOR THE LADIES

One sees some lovely designs in evening silks in the rich brocaded effects in the shops these days.

Dainty little dressing sacks in eiderdown are now on sale for 75 cents each. They can be had in red, blue, pink, white and gray.

Corset covers of mercerized silk with high neck and long sleeves for cool days have patent woven elastic waists and sell for $1.25 apiece.

Very pretty and cozy kimonette dressing sacks and wrappers for children come in pink and white and blue and white and cost from 50 cents up.

The popular slate seems to be the double affair with the edges bound in cloth, from the showings in the departments given over to school supplies.

"Spiller chairs" are now among the luxuries designed for my lady's room. They are low chairs, to be used when putting on or taking off shoes, and are said to be very popular.

One of the odd pillow tops shown in the fancy-goods department is decorated with the head of a pretty girl to be done in outline stitch and the motto, "I Want a Man Who Can Play Ping-Pong."

Very dainty stand covers can be made of colored linen with cream crochet insertions and edgings.

The daintest stocks are formed of lace insertion united by fagoting, with lace-frilled tabs depending in front.

Clover leaves outlined and slightly filled in with darning stitches make a pretty scatter design for pillow covers of linen or other washable materials.

With the innumerable devices and materials at hand there is no reason why even the most inexperienced worker may not make beautiful and effective articles for household or personal decoration.

Suggestive of the holidays are the toys which are now being displayed in some of the shops. It is really wonderful what one may purchase for 10 cents. There are drums, work boxes, complete with tiny thimble and scissors; dolls, horns and many other such articles that delight small folk.

Possibly the twentieth century girls will find it no easy task to produce such exquisite specimens of handwork as are preserved in grandmothers dowries. But the ball has been set going and the results are promising.

The dainty maiden now has a silk bag with sachet to hold her corset. The case is about sixteen inches long and eight inches wide, of delicately colored silk, lined with thin muslin, to which a tiny packet for the sachet powder is attached. At the top is a double skir of ribbons, which serve as hangers.

Hop pillows are a very desirable possession. They may be made perfectly plain to be used in cases of illness or they may be cased in linen wrought with some suitable motto concerning. "Sleep, Beloved from Pole to Pole"; "He Giveth His Beloved Sleep"; "Come, Gentle Sleep"; "For Tired Lids on Tired Eyes," or any suggestive quotations from the Bible or from some book of verse.

Don't wash the face in cold water if you have been weeping. It only makes a bad matter worse. Instead, bathe with rose water and then put a soft cloth saturated with rose water over the eyes.

Children and people who suffer from cold feet at night should rub their feet briskly with a coarse towel, after bathing them, then put on soft knitted wool bootees for the night. Woolen bootees are wonderfully comfortable to the delicate person's feet.

LITTLE ODDITIES.

A writer says: "This tale was told by an old friend more than forty years ago. He held a commission in her majesty's royal marines on the flagship of the North American squadron. It was a hot day and the young lieutenant, feeling thirsty, asked the Irish steward for some pale ale. 'Is it the pints or the quarts that ye would like, sorr?' said the steward. 'Are there any pints?' asked my friend innocently. 'There are not, sorr,' was the decisive answer of the steward."

The latest addition to the German language is the word "Backsperchen," meaning a little thing that can be nibbled. This is the word that has just taken the prize offered by some German educational society for the best translation of the noun "cake."

PLUMBERS TO MEET AT HEALTH OFFICE.

The second meeting of the plumbers and Health officials has been called for this evening, at the rooms of the Board of Health. The purpose of the meeting is to discuss further the proposed new plumbing ordinance. It is desired that all plumbers in the city should know that they are invited to be present and assist in framing the new ordinance; for it is the wish of the Health Department that the new ordinance should be aggreeable to the plumbers of the city as well as that it should meet the sanitary requirements. The president of the Master Plumbers' Association has appointed an informal committee to attend these meetings. The president of the Journeymen Plumbers' Association has also named an informal committee.

These committees being informal their actions are not regarded as official until ratified by the associations of which they are members. At the meeting held on September 18th, more than half of the ordinance was gone over and many amendments were made. The proposed system of ridge-ventilation was not regarded favorably by the majority present, and so it was stricken from the ordinance. The question of what plumbing work should be permitted without the filing of plans in the Health office was referred to a committee of plumbers, who are expected to report at the meeting tonight.

The meeting will be called to order by the Health Officer at 8 o'clock promptly, and it is hoped that all plumbers in the city, both master and journeymen, will respond to the invitation hereby extended.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Surely not the people for they are giving it their hearty support. Surely not the laboring man, for it enables him to get his drugs at a much lower price, thus helping him to make a saving from his hard earned money.

The opposition of The Owl has taken the form of a Trust whose motto is "High Prices." This organization objects very strenuously to The Owl's policy of price cutting and are using every means in their power to force The Owl to join their ranks and charge the same exorbitant prices that they do. THE PINKHAM CURES

ATTRACTING GREAT ATTENTION AMONG THINKING WOMEN.

Mrs. Frances Stafford, of 243 E. 114th St., N.Y. City, adds her testimony to the hundreds of thousands on Mrs. Pinkham's files.

When Lydia E. Pinkham's Remedies were first introduced skeptics all over the country frowned upon their curative claims, but as year after year has rolled by and the little group of women who had been cured by the new discovery has since grown into a vast army of hundreds of thousands, doubts and skepticisms have been swept away as by a mighty flood, until to-day the great good that **Lydia E. Pinkham's Vegetable Compound** and her other medicines are doing among the women of America is attracting the attention of many of our leading scientists, physicians and thinking people.

Merit alone could win such fame; wise, therefore, is the woman who for a cure relies upon **Lydia E. Pinkham's Vegetable Compound**

FREIGHT RATES TO ADVANCE.

MOVEMENT ON FOOT BY ALL RAILROADS TO INCREASE FREIGHT CHARGES.

NEW YORK, September 29.—Reports have been extensively circulated of late that a concerted movement, taking in all the large railroad systems of the country, is under way to bring about an advance in freight rates on January 1. The eastern trunk lines, according to the reports in question, are planning an increase equal to about 10 per cent.

When the matter was called by the Journal of Commerce, to the attention of one of the best informed trunk lines' officers at this port, he declared the report absolutely absurd.

"Of course, there will be the usual end-year cleaning up of commodity rates—rates on raw materials, etc., for short distances to manufacturers and others," he said, "but it is ridiculous to talk about any general 10 per cent advance.

"The basis, first class, between New York and Chicago has been 75 ever since 1882. There can certainly be no advance on that figure, for trade would not stand it. The only way, therefore, that an advance could be made would be an advance in the classification. A general advance in classification always meets with great opposition and will never be attempted unless the railroads must have it.

"Three years or so ago—when conditions warranted it—when materials and labor advanced to such figures as to make railroading at the old figures a losing business, advances were made by means of classification, which ranged between five and seven per cent. These advances were in every way justified. Today there has certainly been no further advance in materials which, if anything, are a shade lower. Labor is not much higher, so that there is no excuse whatever for any general advance to say nothing of the alleged 10 per cent. There is a disposition to curtail expenditures, but not to advance rates."

However, it has been learned that the trunk line managers are considering the adjustment of import rates and a joint conference of New York-Missouri river lines has been called to meet in New York, October 8. The trunk line import committee and the representatives of the Gulf lines, Western Freight Association lines and Trans-Missouri lines, will be present.

Although rates from foreign ports to Missouri river points and points in Western territory will be discussed, the purpose is to fix these rates on a stable basis which will prevent the through rate on imported goods being less than the same rate on the home manufactured product. For years home manufacturers have suffered greatly on account of relatively lower rates. Many imported articles, for example could be shipped from London to Missouri river points cheaper than the same article could be shipped from the seaboard to the same points. This has been recognized by all roads and by steamship lines to be a great injustice. An agreement has been prepared between the steamship lines and the railroads whereby all import rates are to be based on Baltimore, which will be the 100 per cent point. By this means, it is expected that the meeting will result in perfecting the plan by placing the inland proportions of the through import rate on a fixed basis to all points.

NEW MINISTER OF WAR FOR RUSSIA.

PARIS, Sept. 29.—Official advices from St. Petersburg indicate that General Sakharoff, the chief of staff, will soon succeed General Kuropatkin, minister of war. The latter shared with M. Witte, the president of the council of ministers and former minister of finance, the disfavor growing out of the Manchurian complications. The change is considered significant of a modification of the Russian military policy in the Far East and in the Russian frontier in Europe, being contemporaneous with a reduction of the military department at Keiff, commanding the Austrian frontier.

It was announced from St. Petersburg last night that it was rumored in high military circles there that General Kuropatkin would be appointed Governor of Caucasia and that he was to be replaced as war minister by General Bobrikoff, the governor of finance, and Prince Obolenski succeeding to the latter post.

NEW YARDS FOR SOUTHERN PACIFIC.

The Southern Pacific Company began work yesterday morning for installing a freight yard in the neighborhood of Clinton station. Under the franchise which was given that company, it was agreed that the Western Pacific should build overhead trestles at crossings of the Southern Pacific and by establishing a net work of tracks in the immediate line of the Western, that company will be compelled to build very expensive trestles.

STANDS AGAINST FRATERNITIES.

PRINCIPAL POND BELIEVES IN MAIN THEY ARE TO BE AVOIDED.

School fraternities, which have been condemned from the pulpit by the Rev. Charles R. Brown as creating a spirit of exclusiveness among pupils, have their good and bad sides according to Principal James H. Pond of the Oakland High School, with a leaning, however, to the latter which he states outweighs any benefit to be derived from such organizations. He agrees with the minister in the main, but at the same time does not believe the school "frats" of the High School are of such growth as to warrant discussion. In speaking of the matter he has the following to say in this regard:

"I think that if the word 'unmitigated' accentuating his statement that fraternities are nuisances, was cut out of Mr. Brown's sermon I should say that what he said about 'frats' was mainly right and that our views in the main coincide. There is not, however, at present any condition in the fraternity question that would warrant the Board of Education taking any steps for their abolition. That is a question that should be dealt with entirely by the parents of the students.

"The fraternity has its good features and its evil features. Yet, at present, the fraternities in this high school do not interfere with the educational interests. Still they are a dangerous factor. They have to be closely watched, the good in them encouraged and the evil stamped out.

"I should not permit my children to join a high school fraternity. They do create a spirit of narrow exclusiveness, but not so much as in years gone by. There are so many 'frats' now that the spirit of bigotry has been largely eliminated. There are of course, rabid 'frat' men and rabid 'anti-frat' men. These will always exist. Still, at our last school election it was noticeable that a strictly non-partisan ticket won out.

"This fraternity question is one that needs a great deal of consideration before discussion and I don't think that those in our high school at present would warrant much discussion."

Superintendent of Schools J. W. McClymonds, when asked for his views on the question, said:

"I have never been associated with a high school and consequently know very little of fraternities. They do, it is true, tend to create a narrow exclusiveness. But as to curbing them I do not think it within the power of the Board of Education. Fraternities might exist outside of the school and thus be beyond the board's jurisdiction.

PLANS TO IMPROVE YOSEMITE VALLEY.

The Yosemite Valley Commissioners held a meeting yesterday afternoon. There were a number of women present headed by Mrs. J. C. Hutchinson, who submitted a protest against what they termed the indiscriminate cutting of the underbrush and small trees in the valley. The members of the board explained to them that this work is being done under the direction of experts in forestry for the preservation of the larger trees.

The guardian of the park was instructed to make an investigation into the feasibility of creating a new water supply by tapping a stream near Glacier Point. The board also decided to build a bridge across the Merced river, near the Lick House, and to adopt a system for repairing all the big trees after States and Territories and people of national fame.

As the State Board of Examiners refused to audit certain bills of the commission incurred for the entertainment of the President and his party, during its recent visit to the park, the members of the commission voted to contribute pro rata toward the settlement of the indebtedness. State Highway Commissioner Ellery made a report to the board relative to the oiling of the park roads and on his suggestion it was decided to experiment with oil on two quarter-mile sections of road in different parts of the valley, with a view of determining whether or not it will pay to use oil on all the roadways.

As the lease on the hotel in the valley expires in a few months, the Commissioners decided to ask for bids for a new lease at a meeting to be held on October 15. All bidders will be required to be present in person, as it is the desire of the board to inquire of them just how they propose to serve the public. Plans are under way for a new telephone system in the park.

McClymonds is forwarding to principals and teachers of the schools a circular advising that the new State Series of the United States History will be on sale in the book stores of Oakland after October 1. The pupils in classes who are required by the course of study to use this history, and who are not already provided with a sufficient number of McMaster's Histories may be required to purchase this history after the date specified above. This history is identical with the McMaster's History, except that in the State Series of United States History there are some pages devoted to the history of California.

BERKELEY AND THE .... SUBURBAN NEWS .... STATE UNIVERSITY

GETS HIGH PLACE.

University Man Given an Ofiice in the Philippines.

BERKELEY, September 29.—A University of California man has been placed at the head of the entire educational system of the Philippines by the appointment of Dr. David Prescott Barrows as General Superintendent. News has just reached California of this appointment. Dr. Barrows received the degree of M. A. from the University of California in 1895, and later took his doctor's degree at the University of Chicago. Dr. Barrows returned to California to head the department of History and Political Science in the San Diego State Normal School. On the University's recommendation to the United States Philippine Commission he was called to Manila three years ago and made Superintendent of Schools in Manila. Upon the creation of the Bureau of Non-Christian Tribes, answering in function to the United States Bureau of Indian Affairs, Dr. Barrows was appointed its chief, and was also commissioned to organize the Philippine Museum, devoted to commerce and ethnology, as its director. He is an anthropologist of high attainments and he has shown great ability in scientific, in educational, and in administrative work. Dr. Barrows succeeds Dr. E. B. Bryan, who has just been retired on account of ill health.

CHARGED WITH STEALING A BUGGY ROBE.

BERKELEY, Sept. 29.—Henry Hadler, who resides on San Pablo avenue, north of the town line, has been arrested by the Town Marshal and charged with the larceny of a buggy robe. His arrest was caused by Al Long, who claims that he recognized Hadler using a robe belonging to him. The prisoner, who has been lodged in the County Jail, declares that he purchased the robe in Santa Rosa.

ORIENTAL UNION WILL BE REORGANIZED.

BERKELEY, Sept. 29.—A movement has been started to reorganize the Oriental Union at the State University. The club was organized three years ago through the influence of Professor John Fryer of the department of Oriental languages and literatures.

The opening meeting of the reorganized club, which will be held in the near future, will be marked by a banquet and reception to which the students of the University will be invited. The entertainment will be strictly Oriental in character.

NEW FACES AT IDORA PARK.

The new bill at Idora Park this week is a decided success, and everyone in the large audience last night appreciated it in every particular, judging from the laughter and applause which was heard on all sides. Manager Mackinnon is showing excellent taste in the selection of artists.

Olson Brothers are expert banjo artists and the audience was favored with a number of choice operatic selections, as well as some good ragtime music.

Stanley and Willard certainly made a hit with everybody. Their sketch, "Mrs. O'Grady's Wash Day," is one of the cleverest bits of humor seen in Oakland for a long time, and the ludicrous costumes, comical situations, singing and dancing which it is made up of make the people laugh until their sides ache. Miss Pearl Willard has a sweet soprano voice which is heard to advantage in a number of choice selections and her costumes are in exquisite taste.

Jack Golden, the popular comedian, was in good working gear and when he first came on the stage he was greeted by a loud burst of applause. When he had finished his act, which consisted of original jokes, gags, songs, dances, etc., the audience was loath to see him depart.

Sid Barrington, the new baritone, made a good and lasting impression on his hearers. He sang some of the latest songs which were beautifully illustrated.

Leonardo is a skillful and daring acrobat and his work was very much appreciated.

The outdoor attractions are in the full tide of public favor.

Idora Park is located on Telegraph avenue and Fifty-seventh street. Take Telegraph avenue car.

Very attractive are the Indian head match safes that are selling for 50 cents each. They are to be decorated in burnt work.

WRITES PRIZE SONG.

Robert A. Roos is Awarded First Honors.

BERKELEY, Sept. 29.—To Robert A. Roos of the class of 1904 of the University of California has been awarded the first prize of the Associated Students for the best football song. The words have been set to music that sounds well on the bleachers. The successful song is as follows:

Though the teams may come and go,
Still we triumph o'er our foe—
California! California!
For the stately blue and gold
Makes us confident and bold—
California! California!
Then as we make our way along,
Let us raise our loyal song—
California! California!
And the joyous bear will dance on high,
He's true to California!

Here's to the college of the bay,
First in line, she's there to stay,
California! California!
Here's to the men so great and strong,
Who've upheld her name so long—
California! California!
Here's to the teams of prowess great,
Pride of the famous Golden State—
California! California!
And here's to the Golden Bear,
He's true to California!

President Wheeler has authorized the use of the Hearst open-air theater for the rallies. The bonfire will be built in the orchestra and electric lights will be placed in various parts of the theater under the direction of Professor Cory. The "pajamerino" rally will be a spectacular affair, the participants vying with one another in the oddity of their costumes. Music for the occasion will be given by the Glee Club.

BACK IN THE RANKS.

More and Mini Decide to Play Football This Year.

BERKELEY, Sept. 29.—The students at the University of California will be delighted and surprised to learn that "Little" Mini and "Johnny" More have applied for football suits from Manager Decoto and will at once begin training for the intercollegiate football game.

At the opening of the football season both men announced that they would not strive for football honors this year, although they were both veterans of the game and eligible to play against Stanford. Their decision to come out greatly brightens the chances of the Blue and Gold.

For the past three years More has given the signals on the 'varsity and his weight and experience will make him a dangerous competitor for the other two candidates, who are seeking his place.

Lefthalf Mini will prove a tower of strength in his position and his regular appearance on the gridiron will be the source of much satisfaction to the Blue and Gold.

Manager Ezra Decoto has sent the following list of men eligible to play in the freshman intercollegiate game, to Stanford:

Lucius Allen, Harrold Bird, P. E. Bowles Jr., G. H. Brown, F. D. Camineti, L. L. Clark, C. V. Craig, J. F. Crow, W. C. Davis, C. L. Dimler, E. Dyer, J. H. Eggers, W. N. Gabriel, A. R. Galloway, T. J. Geary, K. C. Gillis, R. A. Grimes, C. W. Haffey, C. S. Haley, W. J. Hammond, W. Horton, R. C. Jackson, G. C. Jones, Claude Kern, J. Edwin Killian, Harry G. Kleinschmidt, Paul Lachman, A. W. MacNichol, C. R. McBride, F. C. McInnis, H. G. MacKannay, H. R. Mead, Elmer Millard, M. B. Mitzmain, C. Ollason, C. H. Sanborn, H. J. Schaufele, Almy Seabury, W. M. Sell, H. E. Sherman Jr., A. B. Smith, W. C. Steves, J. B. Sweaney, J. K. Tweedy, T. D. Watson, C. A. Washburn.

DIVIDEND PAYMENTS INCREASED

NEW YORK, September 29.—Based on the declarations thus far announced by industrial companies, the dividend payments in October will, it is calculated by the Journal of Commerce, reach $19,593,296. This is an increase over the previous month of about $2,300,000 and nearly $1,000,000 over the August disbursements. However, the amount is below the average monthly payments of year previous to August. While the October list is a long one, striking features are found in the fact that it is made up mainly of comparatively small disbursements.

EMBEZZLER IS ARRESTED.

DEFAULTING EXPRESS AGENT OF LONG ISLAND FOUND IN CHICAGO.

CHICAGO, September 29.—Detectives ended a chase of three blocks last night by arresting Walter Stoddard Chatfield, said to be wanted at Far Rockaway, L. I., for embezzling $6000 from the American Express Company. Chatfield is alleged to have taken the money September 6. He had $375 when arrested after leaving his room. The detectives in the large cities in the country and abroad were notified recently to watch for Chatfield.

WAS A TRUSTED EMPLOYE.

NEW YORK, September 29.—Walter Stoddard Chatfield, who was arrested last night in Chicago at the request of the American Express Company had been a trusted employe of the company in its office here at Far Rockaway, L. I., for five years. The officials here, in announcing the reward for his capture, refused to state the amount of his defalcation. He resided at Far Rockaway with his wife and two children and was supposed to be living well within his means.

Extraordinary efforts were made to apprehend Chatfield because, it is said, of numerous small shortages with which the company had been annoyed.

MOSLEM WOMEN'S FREEDOM.

There has been a vast amount of pity wasted upon the Moslem woman. It may surprise even the woman suffragist to learn that the laws of Mohammed confer upon women a greater degree of legal protection than any code of laws since the middle Roman law. Only the more recent liberties and protection granted to married women by the laws of divorce and the exclusive property rights now in force in the United States can be properly compared to those in force in Turkey. Under the Moslem laws the provision for securing to the wife the free and uncontrolled possession of her property is minutely stipulated in the marriage contract. A suitable sum is also arranged for her maintenance in accordance with her husband's rank.

LOST IN THE HILLS.

A Berkeley Contractor Has an Exciting Experience.

BERKELEY, September 29.—A party of business men who have just returned from a hunting trip of several weeks in the vicinity of Point Arena bring back the news that one of the members of the party, W. H. Mara, a prominent contractor of this city, became lost in the mountains and was not found until he was in a thoroughly exhausted condition. A strange coincidence is that he was with almost the same party last year when he became lost in the mountains, remaining out two days and a night before he was found by a rescuing party.

Mara became lost on the last trip as the start for home was being made. He took a short cut and became separated from the remainder of the party. He was finally missed and a search instituted. Fortunately his calls were heard and he was located after several hours at the the top of a high mountain.

The men who accompanied Mara on the trip were Town Trustees Fred F. Connor, B. E. Underwood, F. E. Armstrong, W. J. Mortimer and William Waterhouse of San Francisco.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic and effective nervine and the greatest all around medicine for run-down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50 cents and satisfaction guaranteed by Osgood Bros., Druggists, Seventh street and Broadway.

HAYWARDS, SAN LEANDRO, EMERYVILLE, FRUITVALE, GOLDEN GATE

WAS BIG CHURCH WEDDING.

WELL-KNOWN YOUNG PORTUGUESE COUPLE MARRIED IN SAN LEANDRO.

SAN LEANDRO, September 29.—Miss Pauline Caten and George C. Faria were united in marriage at high noon Sunday at Saint Leander's Church, Rev. Father W. G. O'Mahony officiating. The church was crowded with the friends and acquaintances of the contracting parties.

The bridesmaid was Miss Camille Fernandi of Oakland, and the groomsman A. J. Miller, a brother of the bride. The bride was becomingly gowned in white organdie and carried a beautiful bouquet of white carnations. The bridesmaid's gown was also of white organdie. She carried a bouquet of red carnations.

After the ceremony the bridal party and relatives of the couple, to the number of eleven, repaired to the home of the bride's parents, Mr. and Mrs. Joseph Caten, on First avenue, where a sumptuous wedding breakfast was served.

The happy couple left on the evening train for San Francisco. On their return they will reside in San Leandro, where the groom is engaged in the carpenter business.

NO VISITORS ARE ALLOWED.

PROPERTY OF FERRY COMPANY AT EMERYVILLE CLOSED TO PUBLIC.

EMERYVILLE, September 29.—The San Francisco, San Jose and Oakland Railway officials have called a decided halt on the practice of allowing "sightseers" and loiterers inside the main power house enclosure. The custom of allowing anyone to come in and "rubber" as one of them put it, was becoming a burden.

To get in now one must have a pull or show proper credentials, for no amount of persuasion or diplomacy will effect an entrance otherwise.

While the "yard master" simply gives out that spectators serve to annoy and distract the workmen it is possible that the company has a deeper motive. It will be remembered that the ship yard where the San Jose and Yuerba Buena were docked were closed strictly to visitors during the last two weeks of the vessels' stay. Now that the new cars are arriving and everything is nearing successful completion there is some reason for thinking the circumstances connected.

GAUGES ON TANKS.

The two large oil tanks, each capable of holding many thousands of gallons, have been equipped with gauges showing the exact amount of oil on hand.

FINISHING TOUCHES GIVEN.

Yesterday car 508 was carefully cleaned inside and out. An added lustre was the result, giving it quite an attractive appearance. It is now on jacks awaiting the installation of motors.

NOVEL TROLLEY USED.

The trolley to be used on the syndicate cars will be something new to this part of the country. A large diamond-shape frame work extends from the car and transmits the juice. In this manner it is impossible for a car to slip its trolley, for no amount of rocking or shaking can throw the frame off. They are known as "high-speed" trolleys in the East.

ESTABLISH WESTERN CATHOLIC PATRIARCHATE.

NEW YORK, September 29.—An inquiry ordered by the Vatican regarding a movement favorable to the establishment of western Catholic patriarchate to include all Anglo-Saxon countries which might be called semi-independent of Rome has just been completed, according to a Tribune dispatch from Rome.

Evidence was found of the existence of a movement of this kind among the advanced section of the clergy, especially the French and Irish who wish to join forces with America to give to the Church a more modern and liberal impulse.

White chenille hats are shown which have a facing of chiffon on the under brim. They are beautifully trimmed with chiffon and feathers.

All sorts of novelties as well as needful articles in dressmakers' notions are now being displayed by the shops and are sold at bargain prices.

BELIEVED TO BE BLACKMAIL.

LETTERS RECEIVED BY PROMINENT HAYWARDS RESIDENTS ARE SUSPICIOUS.

HAYWARDS, September 29.—A number of prominent citizens have of late been receiving letters from women in Oakland, Alameda and San Francisco, who are believed to be blackmailing. Justice Charles Prowse received such a letter from Alameda, written by a woman, and asking him to meet her there on a certain evening.

A woman who signed herself "Lottie," wrote to Trustee Petersen a few days ago requesting him to call at her address in San Francisco, as she wished to see him about buying some fruit. The tone of both communications was suspicious, so the gentlemen did not comply with the requests.

SUNDAY EVENING DRESS SERVICE.

NEW YORK, Sept. 29.—Dr. Kerr Gray, originator of the Society for Sunday Evening Dress Service has been found dead in bed at Edinburgh, where he had been spending a short vacation, cables the London correspondent of the Herald.

His most noted work was in connection with St. George's Chapel, of which he was the incumbent. Troubled over the smallness of his congregation he appealed to fashionable Mayfair to come to the service in the attire in which it had dined, the service being timed to suit the ways of society. Thereafter there was rows of diamonds and stately ranks of shining shirt fronts occupying the pews. The minister was high in the regard of the theatrical world and numerous popular actresses sang in his choir.

The pretty little table lights for electric lights nearly all have dark green shades and tops.

Broom covers, which are useful in dusting off walls and ceilings, can be purchased for only 10 cents.

Some handsome high-backed, hand-carved Flemish oak chairs are to be had for only $10 apiece for hall or library use.

Do Not Dose the Stomach

Cure Catarrh by Nature's Own Method Every Breath of Hyomei Brings Relief.

Nearly everyone who has catarrh knows how foolish it is to try and cure it by drugging the stomach. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate but now with Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but $1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does no cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her methods of treating diseases of the respiratory organs.

Osgood Bros. have sold a great many Hyomei outfits and the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

WANT LIGHTS ALL NIGHT.

ELMHURST FARMERS COMPLAIN OF DARKNESS IN EARLY MORNING.

ELMHURST, September 29.—Many of the farmers who travel over the San Leandro road in the early morning taking their vegetable and fruit products to the Oakland market desire to have some change made in regard to the lighting of the road. According to the present schedule the electrical lights are turned on early in the evening and turned off at 1:30 o'clock a. m. The farmers traverse the thoroughfare from 3 o'clock to daylight. They believe that if the lights could be turned out at midnight and turned on again at 3 o'clock it would be much better for them and be in keeping with the original intention of those who advocated lighting the road. The farmers are thinking of sending a petition to the Supervisors on this subject.

BERKELEY TRUSTEES IN SESSION

FILES STARTLING REPORT.

HEALTH OFFICER PAYNE DESCRIBES UNSANITARY CONDITIONS IN BUSINESS DISTRICT.

BERKELEY, September 29.—That sewage is infiltrating into the ground on the east side of Shattuck avenue, between Center street and Allston Way one of the most prominent business sections of the city, on account of the lack of proper drains to carry it away, was the declaration made in a report tendered by Health Officer Payne at the meeting of the Town Board of Trustees last night. The report, which was referred to the Street Committee and the Town Engineer, with instructions to act immediately was as follows:

Permit me to call to your attention the grossly unsanitary condition of Stanford Place or East Shattuck avenue between Center street and Addison street. There is no sewer there, except for 87 feet from the north line of Center street, accommodating the bank building. For the next buildings up to and including Underwood's plumbing shop there is a small private sewer which is broken, allowing the sewage to infiltrate the property.

The remaining buildings up to the Odd Fellows' Hall have no sewer at all and the wash basins empty on the ground. Odd Fellows Hall sewers into the Addison street main.

I recommend that the sewer from Center street be extended another 87 feet and all the property from the bank to Odd Fellows' Hall be compelled to connect therewith, thus doing away with the insignificant private sewer.

The following report from Fire Chief James Kenney was received and referred to the Fire and Water Committee:

"I ask that two house mer be appointed for the fire department—one for the east end and one for the west end. There is a great need for quick service in our city as it is growing faster than our fire department and cannot be handled to advantage without having house men to have apparatus ready when volunteer and call men respond to alarms. I also ask that protection be had for the second ward as companies are situated some distance from that part of the city."

Upon recommendation of the Finance Committee the following bills were ordered to be paid:

GENERAL FUND.

Thomas Rickard, $25; Charles T. Kerns, $363; Robert Edgar, $125; E. Q. Turner, $115; C. R. Lord, $100; C. S. Merrill, $100; Isaac W. Wells, $85; C. Engebretson, $75; M. L. Hanson, $75; B. A. Hayne, $75; P. H. Payne, $45; Jas. Kenney, $35; Geo. Parker, $ 10; Berkeley Daily Gazette, $210.40; Marquand Printing Co., $11 $16; Care Fire Alarm, $25; 25 men at $5, $125; Beacon Fire Co., $26; Lorin Hose Co., $16; Peralta Fire Co., $31; Alert Hose Co., $69; Marston Hose Co., $32; Posen Fire Co., $31; H. M. Waterbury, $5; J. M. McNulty, $10; S. Taylor, $4.25.

STREET FUND.

Michael Heafey, $357.50; L. W. Rose, $2.20; Oakland Paving Co., $11; Schmitt & Zehner, $10.65, $10.65; A. Erlandsen, $11.60; Catherine Schmidt, $111.60; F. W. Foss & Co., $34.19; West Berkeley Lumber Co., $4.50, $25.75; Union Machine Works, $1.95; J. D. Spreckels & Bro., $10.90.

In reference to the appointment of special policemen to be paid for by the telephone company, Marshal Kerns said that he did not believe that the three men suggested would be wanted now that 21 deputies have been appointed by Constable Ed. Weiher.

President Rickard urged the immediate appointment of the men but it was finally decided to allow Marshal Kerns to ascertain whether the telephone company still wants the additional police.

Bids for street work were awarded as follows:

Haste street sewer, Contra Costa Construction Company. Haste street grading, Lindgren and Hicks. Fifth street grading, Edward Schmidt. Oregon street macadamizing, Piedmont Paving Company. Mary street macadamizing, Oakland Paving Company. Deakin street macadamizing, Hutchinson Company.

CANAL TREATY WITH COLOMBIA.

NEW YORK, September 29.—A dispatch from Colon by a newspaper in this city says advices received there from Bogota are to the effect that the Colombian Congress has passed a law authorizing the President to conclude a canal treaty with the United States on a certain basis with the approval of Congress.

Representatives in this country of the Colombian Government have received no information on the subject thus far.

WILL PUT AN END TO CRIME.

TOWN TRUSTEES VOTE MONEY TO HIRE A PRIVATE DETECTIVE.

BERKELEY, Sept 29.—That an end may be put to the reign of lawlessness rampant in the city, such as the cutting of telephone wires, running of illict saloons and burglarizing of business houses, the Town Board of Trustees at their regular meeting last night voted $100 to be expended in paying a detective to secure evidence against the evil-doers.

"So many illegal things have been done in Berkeley recently," said Trustee Staats," the author of the suggestion to employ special police service, "that we should do as we did once before when the town was overrun with ordinance breakers."

His suggestion readily carried, the money being voted without any opposition.

The following street work was ordered to be done:

That Prince street be opened from Deakin street to Telegraph avenue. That a culvert be constructed under the tracks of the Southern Pacific Company at the foot of Virginia street. That the center line of Oregon street be sewered from the end of the present sewer to a point seventy-five feet west.

Auditor Hanscom reported that there is $10,153.11 in the town treasury.

Superintendent C. D. Maloney of the Contra Costa Water Company reported to the board that the work of repairing leaky water mains on Channing way, from College to Telegraph avenues, was in progress.

The Oakland Transit Company Consolidated presented a petition, which was represented in person by Secretary Samuel Taylor, asking that the company be allowed to abandon that portion of its franchise lying on Center street, between Oxford street and Shattuck avenue.

Trustee Staats took this occasion to declare that the company was not operating its cars every fifteen minutes on Grove street in accordance with the terms of the franchise, and he was in favor of revoking the right of way for the whole length of the line.

"We did not even have the courtesy of a reply from the company when we called their attention to the poor service on Grove street," declared President Rickard.

Secretary Taylor pleaded that the officers of his company had been busy with the new ferry system and said that it was the intention of the company to give better service on Grove street.

An ordinance was finally passed ordering the abandonment of that portion of the franchise as asked for by the company.

A petition from the business men and merchants on Center street between Shattuck avenue and Oxford street, asking that the rails on the street be removed and the thoroughfare bituminized, was filed.

A protest from property-owners against the opening of Fulton street, between Woolsey and Prince streets, was referred to the Town Attorney and Engineer.

A protest against the laying of a culvert in Edith street was referred to the Engineer.

A protest against an assessment for the placing of a culvert in Strawberry street, at Mary street, was referred to the Street Committee and Superintendent of Streets.

Town Clerk Merrill reported that a number of telephones in the residences of the officials of the city, and more particularly those in the fire houses and the homes of the deputy marshals, are out of order. The clerk was directed to communicate with the company, asking that the phones be repaired as soon as possible.

WEST END CITIZENS APPEAR BEFORE TOWN BOARD WITH VIGOROUS PROTEST

BERKELEY, Sept. 29.—The residents of the West End filed a strong protest last night at the regular meeting of the Town Board of Trustees against the closing of Allston way, between Second and Third streets, and Second street from Allston to Bancroft ways. Speeches against deeding over the thoroughfares, a portion of which consists of the water front of the city, were made by Harbor Commissioner Charles Spear, D. W. McLaughlin and J. R. Reinas.

The request that brought out such a strong protest was made by F. Bendel of the firm of Tillman & Bendel. He has recently purchased the property of the Standard Soap Company, which is cut by Allston way. McLaughlin declared that fourteen lots, each worth about $300 were asked for by Bendel. He was of the opinion that the land should be leased to the factory people, but not given away outright.

Commissioner Spear said that the company had first asked that Allston way be closed but had later sought to secure a portion of the water front by asking that Second street, between Allston and Bancroft ways, be deeded over to them.

It was finally decided to lay over the matter until the next meeting of the board when Tillman & Bendel will have a representative present.

The following resolutions were adopted:

Establishing street grades, sewer grades and widths of sidewalks on Wheeler street from Woolsey street northerly.

Resolutions adopting specifications for concrete culvert in Prince street, from Calais to Sacramento streets.

For sewer in Oregon street.

Resolutions of intention to construct concrete culvert in Prince street from Calais to Sacramento streets.

To sewer Oregon street from 555 feet east of Grove street to 84 feet east of center line of Milvia street.

To macadamize and gutter McGee avenue from University avenue to Cedar street.

To grade, curb, gutter and macadamize the westerly one-half of Louisa street in front of lot No. 80, block 17, Berkeley Villa Association.

To grade, curb, gutter and macadamize Carlton street from Dana street to Leonard tract.

Resolution ordering the work to grade, curb, gutter and macadamize portions of Stuart street.

Upon the suggestion of Trustee Connor, who spoke in favor of the oiling of the streets of the city, it was decided to visit Golden Gate Park some Sunday afternoon that successful experiments made by Superintendent McLaren may be investigated.

The commissioners for the opening of Julia streeet, John W. Striker, Philo Mills and A. R. Frame, tendered their report, the consideration of which was laid over for two weeks.

WILLIAM WILSON MAKES ANSWER.

SAN RAFAEL, Sept. 29.—The matter of the petition of the heirs of the Martha Bucklew estate to have the trustee, William A. Wilson, removed came up before Judge Lennon in the Superior Court.

In the petition Martha Allison and others claimed that Wilson had made no account of the estate since February, 1902, and that he was not competent to handle the business of the estate. Today was the date set for Wilson to appear to show cause whey he should not be removed. Attorney E. B. Martinelli appeared in his behalf.

Martinelli showed to the court where his client had made an accounting in April, 1903, and said that up to that time the business was all settled up and passed upon by Judge Angellotti. It was also claimed by the trustee that only recently another full accounting had been made out and sent to all the heirs.

Martinelli declared that in order to remove Wilson as trustee a suit must be brought against him and that in the present action Judge Lennon had no jurisdiction. Judge Lennon reserved his decision for one week. It is understood that the petition will be withdrawn in the meantime.

Sure Relief for Women.

No. 18 Central Ave.,
HOT SPRINGS, ARK., April 30, 1903.

Eighteen months ago I was so completely run down that my body ached from head to foot. My back seemed to break in two and I suffered intense pain in the lower abdomen. I could not afford to lay off and take a rest, and no medicine helped me any.

A friend told me how much Wine of Cardui built her up and advised me by all means to take it. The day I took the first dose the recovery of my health began. It was nearly three months before I was entirely cured, but at the end of that time I was in better health than I had been for seven years. I look on Wine of Cardui as the most blessed medicine that a woman could possibly take when she feels sick and tired of life.

Anna Nelson
ORATOR, WEDNESDAY CHAUTAUQUA CLUB.

WINE of CARDUI

Mrs. Nelson describes the condition of hundreds of women in this city to-day That condition comes by slow stages. Usually the important function of menstruation is at first slightly irregular. Then comes the painful periods. Bearing down pains and ovarian inflammation follow. Finally the nerves weaken and the whole system has become affected and the pains rack the body from head to foot.

If a healthy woman were suddenly reduced to this terrible condition she would be driven to desperation and she would be willing to take even the smallest chance of securing relief. But female diseases advance so gradually it is hard for a women to realize just how serious is her condition. Wine of Cardui is a menstrual regulator of established reputation. No woman who takes it suffers as Mrs. Nelson suffered. It gives speedy and complete relief from the torturing menstrual agonies which are making so many woman invalids to-day. Do not let yourself come to the pitiable condition Mrs. Nelson describes. Secure a bottle of Wine of Cardui from your druggist to-day and begin the treatment immediately.

A BREAKDOWN IN AIR ROOM.

LARGE FORCE KEPT BUSY SEVERAL DAYS REPAIRING THE DAMAGE.

A serious breakdown occurred in the air-compressing rooms last Saturday afternoon at 4:30 and it took a force of twelve men and nearly sixty hours, working night and day, to make necessary repairs, the job just being completed this morning.

One of the valves to pump No. 3, the largest in use, broke and dropped into the cylinder, breaking the cylinder and in fact making such a total wreck of it that its next destination is the scrap pile.

While the remaining pumps were sufficient to supply the block system, air was scarce in other quarters, noticeably the ship yards, where scarcely a hole was drilled for lack of it.

It will be remembered that this same cylinder broke once before about four years ago and was repaired at Sacramento and again put in use. At that time, however, an extra cylinder was provided for the compressing rooms, and it is this one that is now in use.

According to Billy Newsome the system is in better condition now than before the break, and he is prepared to furnish all air needed, hot or cold, for years to come.

MORE MACHINISTS MAY BE ADDED TO NIGHT FORCE.

It is rumored that there will be several additions made to the night force of machinists the first of October. It is more than probable that this will be done, as there are several special jobs in the back shop which must be rushed through.

OIL-HEATING BOILER FOR GARDEN CITY FURNISHED.

The large oil-heating boiler which will be used to pump crude oil from the Broadway wharf into the tanks of the creek boat Garden City, has been completed. The boiler was made at these yards and will be put in a suitable housing to protect it from winter rains before being sent to the foot of Broadway. The boiler is used to heat the crude oil and get it started on its way from the reservoirs into the steamer's oil-tanks.

NEWSY ITEMS OF INTEREST FROM YARD AND SHOP.

R. Abernethy, expert air-artist in the air-room, suffered from a severe attack of depression yesterday. He complained of feeling indisposed for several days.

Walter Lovejoy, who was severely burned a month ago while working in the round house, is back at his old job.

There has been a big rush of business on the Napa and Vallejo branch for the past week, necessitating the use of several extra crews.

Dick Murphy, planer hand, laid off yesterday and W. J. Lancaster took charge at his machine.

Si Lumsdown, who served his time here as a machinist, has returned from the Great Northern Railway, where he has been working all summer. Si says that the pine forests of the north are balmy enough, but he prefers spending the winter in the glorious climate of California.

J. T. Slavin has been appointed to look after the testing of gauges and boilers and to keep a record of same.

C. B. Irish, foreman at Mendota, has returned to work. George Goodwin, who relieved him, is again filling his old position.

The Solano will lay up next Sunday and have her bottom scraped.

REDUCE OUTPUT OF PIGIRON.

NEW YORK, Sept. 29.—It is announced that as a remedy for the overproduction of pigiron a committee appointed at the meeting of the furnace operators of the Northern district, held in this city last week, has decided to report in favor of a 21 per cent reduction in the production. There is said to be no doubt that the recommendation will be adopted and it is expected that similar action will be taken by the Southern Association, for overproduction of pigiron in the Birmingham district is declared to be even more pronounced than in the north.

All the large producers of Pittsburg, Cleveland and the foundry-owners of eastern Pennsylvania and New Jersey, it is understood, will be governed by the action on the recommendation, which will come before the full committee at a meeting to be held this week.

CENTRAL AMERICAN TELEGRAPH AFFAIRS.

NEW YORK, Sept. 29.—The State Department of the United States Government, having instructed the American Minister at Bogota to arrange, if possible, an amicable adjustment of the affairs of the Central and South American Telegraph Company with the Colombian Government, the company has instructed its engineers to delay cutting out Buena Ventura until further orders, says a Herald dispatch from Panama.

Because of the statements that the Colombian Government has ordered the telegraph company's Panama office to be closed in the event of the company closing the Buena Ventura office, the Central and South American Telegraph Company has asked that the United States Government protect it, under the treaty of 1848, from any interference on the part of Colombian officials relating to its office in Panama.

SUSPECTED TRAIN ROBBER ARRESTED.

ALBANY, Ore., Sept. 29.—At an early hour this morning Chief of Police McLean arrested a young man answering the description of one of the Oregon Railroad and Navigation train robbers. He gave his name as Thomas Watson, but refused to make any further statement. He is about 21 years old and claims San Francisco as his home. He will be held to await the arrival of the Portland officials.

SEARCH IS ABANDONED.

MALONE, N. Y., Sept. 29.—Search for the man who shot and killed Millionaire Orrando P. Dexter from ambush while he was driving on his Adirondack estate recently practically has been abandoned. A few deputy sheriffs about Santa Clara are now the sole workers, with little hope of winning the $5000 reward.

Reports from Old Forge say that a camp on Raquette lake rented by John C. Freund of New York and occupied by his family and guests has been destroyed by fire, which burst simultaneously from every building. The campers were all asleep and barely had time to snatch a few garments and escape. They were taken in boats to neighboring camps. There is no clue to the incendiaries.

WILL UNIONIZE THE HOTELS.

WOMEN CAN JOIN THE UNION AT A REDUCED RATE.

The committee appointed by the Cooks and Waiters' Union met yesterday to consider plans for unionizing the local hotels and boarding houses. It was decided to hold an open meeting on October 10th in the headquarters on Eighth street and Broadway to discuss the matter. Every employe will receive an invitation to be present and give his views on the matter. The committee desires to bring about the desired end in a manner acceptable to both employer and employe, and the open meeting was thought to be the best way to accomplish the desire. Prominent labor leaders will be present and address the gathering, and the members of the committee will explain the plan of unionizing the twenty-eight hotels and large boarding houses in Oakland.

The initiation fee for female waitresses has been reduced from $2.50 to $1 so that the expense of joining will be as low as possible, and none can feel that she cannot afford to become a union worker.

The committee in charge of this movement to unionize the hotels and boarding houses is as follows: Martin Gregovich, chairman; D. Ferguson, J. S. Graham, T. Dekerwark, H. Hollander, George Cole, D. Grimfield and M. S. Medane.

SHOEMAKERS.

The Boot and Shoe Workers' Union met last night at Cooks and Waiters' headquarters. Three candidates were initiated into the union. At the next meeting the members will vote on the candidates who are running for office in the national union. The members of each local vote for the various nominees as they see fit. The results are then sent in by the local secretaries and counted at the national headquarters.

RETAIL CLERKS.

Eight new members were initiated into the Retail Clerks' Union at last night's meeting. A number of applications were also received and the candidates will be initiated at the next meeting. Brother McNeil of New York State, who was a delegate to the last national convention, was present and told the members of the doings at the convention. His talk was very interesting and highly appreciated by the large number of clerks who were present to hear him.

WAGON WORKERS.

The Wagon Workers' Union initiated one candidate into their union at last night's meeting in Kohler & Chase Hall. The boycott on the Chabot shop in East Oakland was discussed. The carriage painters have also placed a boycott on Chabot's place. It has been learned that Chabot conducts his business alone, hiring no men, so practically nothing can be done against him.

LINEMEN.

The local linemen are going over to San Francisco tonight in a body on the 7:07 broad gauge to hear the report of the delegates who have returned from the national convention at Salt Lake City.

TONIGHT'S MEETINGS.

The stablemen and barkeepers will meet tonight in Cooks' and Waiters' headquarters, Broadway and Eighth street; the horseshoers and sewer-diggers in Kohler & Chase Hall, Eleventh street and Broadway; flour mill operators in teamsters' headquarters, 855 Webster street; linemen in San Francisco; retail delivery wagon drivers in California Hall, 1015 Clay street.

TEAMSTERS.

Local No. 71 of the old International Brotherhood of Teamsters met for the last time yesterday evening. On October 1 the new organization formed at the Niagara Falls convention of the National Team Drivers' Union and the International Brotherhood of Teamsters will supersede the two former organizations which will go out of existence at midnight tomorrow night. General Secretary-Treasurer D. L. Turley announced to the members present that all dues and assessments must be paid in full by October 1, otherwise the delinquents' names will not appear on the books as members of the new organization.

Eight candidates were initiated into the union and applications were received from nine more. There was a large attendance at the meeting.

BARTENDERS' SPECIAL MEETING.

A special meeting of the Bartenders' Union has been called for this evening in Cooks' and Waiters' headquarters, Broadway and Eighth street, to discuss the desirability of affiliating with the State organization, and a vote taken on the proposition. Other matters of especial importance are also to be discussed and a full attendance is expected. All absentees will be fined.

"A Night in Bohemia" is to be given next Saturday evening in the grounds of Mr. and Mrs. A. G. Church. The bridesmaid was Miss Laura Steuck, and the best man was Mr. Harry Kohl. Only relations and most intimate friends were present.

The home was very prettily decorated with smilax and white carnations—green and white the favorite colors of the bride—being the color scheme.

ARTHUR LIVINGSTONE HERE.

Arthur Livingstone of Pasadena is registered at the Hotel Touraine and is calling on old friends once more before starting on his Eastern trip. Mr. Livingstone, during his many sojourns abroad, has picked up a very rare collection of old books among which is a set of "Cicero"; (first English edition) printed in the sixteenth century and very valuable. He says that often parties sell such rare books to second-hand book stores for a mere song, not realizing their value.

LOW SENIORS' CLASS PARTY.

The Scupham residence on Webster street was brilliant with lights and gay with decorations last Saturday evening when the low seniors of the High School gave their first class party. DRIVER OF MILK WAGON ARRESTED.

Harry Gallagher, driver on one of the milk wagons for Dairyman Farnham, was arrested on complaint of L. W. Nitbeck of 513 Thirty-second street, who alleges that Gallagher has disturbed the peace of himself and his mother, with whom he resides, by ringing the door-bell, pounding on the house with milk cans and calling to them from the street and the doorsteps in a tone of voice that could be heard all over the block. The trouble originated over an alleged unpaid milk bill and, after introduction of witnesses on both sides, Judge Smith took the matter under advisement and will render a decision tomorrow morning.

QUIET NIGHT IS PASSED.

IDLE MEN ARE DRINKING AND FURTHER TROUBLE IS EXPECTED.

SAULT STE MARIE, Mich., Sept. 29.—There was no further disturbance late last night nor early today in the Canadian Soo, but the situation has some elements which do not promise a long continuance of the present peaceful condition.

In the first place, every saloon in the town is wide open, and most of them principally in the laboring men's district, are being patronized heavily by the idle men. In the second place, 1500 instead of 400 men, as reported last night, are at Weir's lumber camp of the company, twenty miles up the Algomac Railroad, and it is this body of men the railroad has refused to transport to the Soo under present troubled conditions. The big accession to the ranks of the unemployed is looked upon as sure to cause trouble unless the authorities show more vigor in dealing with the situation than they have yet done.

The third troublesome feature is the delay in getting additional troops here. Eight soldiers got in last night and the Grenadiers did not leave Toronto until 4 o'clock this morning, which means that they cannot be here until late this afternoon. The policy of local authorities in permitting the saloons in the west end of town especially to open this morning is provoking much criticism.

CASES SET FOR HEARING.

The cases of the linemen who got into trouble at Tenth and Alice streets was continued to October 1 to plead. Jansen Coburn, employed by the city electrical department and arrested yesterday for disturbing the peace, had his case continued until tomorrow to file complaint, and that of Sarah Jacobs, charged with purchasing junk from a minor, was set for October 15, before a jury.

Elizabeth McDermott was given $5 or three days for drunkenness, and her partner, Antonio Lavas, charged with petit larceny, and a county charge, had judgment suspended in his case, and will be taken to the County Infirmary this afternoon.

SMITH IS ARRAIGNED.

John Smith arrested upon complaint of C. A. Tyrrell for being the companion of George Dunbar in the burglary of his room in the Windsor Lodging House on the night of August 21, was in the Police Court this morning to hear the complaint read to him, and the case was set for October 7 for examination.

In addition to the Windsor House affair, there was placed against Smith the record of three prior convictions for burglary, the first on January 10, 1887, in San Francisco, under the name of John O'Brien; the second on June 24, 1894, and the third on September 24 1898, both in Alameda county.

SHE MARRIED FOR FUN.

MRS. CARROLL ORTON.
(Photo Belle-Oudry.)

ELMHURST, Sept. 29.—Mrs. Carroll Orton of Fitchburg, who was married in July in fun, while the man she loved and to whom she was engaged, Edward Duart, son of a San Francisco commission merchant, was away on a vacation. Mrs. Orton is the daughter of Mr. and Mrs. J. H. Priestley. The marriage ceremony was performed at San Rafael. Mrs. Orton says she still loves Duart, although he is lost to her by her own act.

ERWIN'S CASN NOW SUBMITTED.

COMMISSIONER HEACOCK WILL RENDER DECISION INFEW DAYS.

SAN FRANCISCO, September 29.—The case of Ass't Superintendent of Free Delivery Erwin, who is charged with conspiring to defraud the United States Government was formally submitted this morning to United States Commissioner Heacock before whom it has been on hearing during the past four days. A number of cases were cited by S. Knight, attorney for Mr. Erwin tending to sustain counsel's contention that the indictment did not accrue of any crime either as an individual or as an official and that Erwin could not be tried because of improper joinder of him in his capacity as a private citizen with Machen who was an executive officer of the Government.

Commissioner Heacock will render a decision in a couple of days. The decision will be as to whether or not there has been shown a probable case of guilt. In the event that the commissioner shall hold that there is a probable case of guilt, the matter will be taken to the United States District Court and the presiding judge then will order the removal of Erwin to Washington, where it is said, the alleged conspiracy was entered into.

RAISED DISTURBANCE IN HIS STORE.

William Hein, familiarly known as "Sharkey," this morning swore to a complaint for the arrest of William Maxfield, Cash Stickney and Dan Morris for disturbing the peace and further charges Maxfield with assault with a deadly weapon.

These are the men whom Hein says entered his place of business yesterday morning at 1065 Thirteenth avenue and created a rough house immediately afterwards. In self-defense, Hein says, he used his revolver, the ball going wide and striking Joe Gray, an innocent victim, in the arm.

Hein was accompanied to the warrant clerk's office by Colonel Lynch, owner of Flitsville Park, who says the crowd for whom the arrest is asked compose a tough gang, who have been the terror of the neighborhood and that the order-loving citizens of that section will be glad to see them put where they can no longer disturb the quiet of the neighborhood.

VAGRANCY CHARGE AGAINST GIRL.

"Drug Graft"

A New Art.

When you hear of graft or grafter you think of politics and politicians of the mercenary sort, the kind that has made the name of Tammany odious. But "Graft" in the drug business stands for an art, and the grafter is an artist.

He triumphs in his art when he succeeds in selling you a substitute on which he makes more money than on the standard article that you asked for. But he begins to "work his graft" long before he gets you in his store.

The prices that he advertises of standard articles are not lower than at places where they sell you what you ask for. But he persistently advertises that they are and to lend color to his statements he is quite likely to tell you he is selling so low that he is almost afraid of violence from his fellow merchants.

For everyone of the much-asked for remedies he has prepared a substitute, and labeled it as prepared by some highsounding New York firm that never existed.

And he is never more artful in his graft than in the selection of the name of his substitute.

Without directly counterfeiting he arranges to use the prestige of another man's advertising.

To illustrate, just suppose that Benson's Cod Liver Oil is very popular but that Benson does not make a syrup of Hypophosphites.

Our grafter immediately calls his syrup of hypophosphites, 'Benson's" and when a standard hypophosphites is asked for he brings out the one you asked him for and starts to wrap it up and then casually asks you why you don't use Benson's—a larger bottle and a better syrup—and you knowing the reputation of Benson's Cod Liver Oil take what you think to be the same Benson's Syrup.

Now patent medicines are as a rule pretty good things to leave alone. But you may be sure of this—you are a great deal more likely to get an article of merit if you buy the standard one, that is probably the only thing manufactured by the house that advertises it, than you are if you take the substitute offered by the druggist who has hastily made "something just as good" for everything on the market.

At Bowman's you get what you ask for and at the lowest cut price.
